

GRANTS

Reference: Education Code Section 70902

Southwestern Community College District supports the acquisition of external funding to support the District's mission, goals and initiatives. The Governing Board will be informed about competitive and non-competitive grant applications submitted and received by the College District.

The Superintendent/President shall establish procedures to assure timely application and processing of grant applications and funds and that the grants that are applied for directly support the purposes of the College District. The Superintendent/President shall inform the Governing Board of grant activity and will govern the application, approval, processing, implementation and monitoring of grant projects and their associated funding.

The Office of Institutional Effectiveness (OIE) is the administrative home for the Grants Office; this office has the primary responsibility for administering the pre-award process for grant development and application submission and it also serves in partnership with Business and Financial Affairs to support the post-award grant process.
