## \$10/\$30/50% HMO \$1600

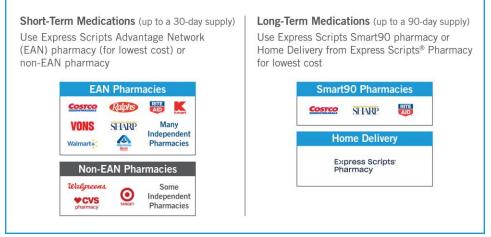

#### Your prescription plan at a glance

Show this summary to your doctor to discuss ways to pay less for your medications. To learn more about your plan, visit **express-scripts.com**. First-time visitors, please take a moment to register using your member ID number.

	Express Advantage Network® (EAN) pharmacies* (up to a 30-day supply)	Smart90 <sup>®</sup> retail pharmacies (up to a 90-day supply)	Home delivery from Express Scripts® Pharmacy (up to a 90-day supply)
Generic medications	\$10	\$20	\$20
Preferred brand-name medications	\$30	\$60	\$60
Nonpreferred brand-name medications	50% (\$40 min/\$175 max)	50% (\$80 min/\$350 max)	50% (\$80 min/\$350 max)

\*If you use a non-EAN pharmacy, you'll pay an extra \$5 per short-term prescription.

**Out-of-pocket maximum.** Once you reach your out-of-pocket maximum of \$1,600 for individuals or \$3,200 for families, your plan pays 100% of prescription medication expenses for the remainder of the plan year.

**Note:** If your doctor requests a brand-name medication when a generic equivalent is available, you'll pay the generic copayment, **plus** the difference in cost between the brand and the generic. (This extra cost applies even if your doctor writes "Dispense as Written" ("DAW") on the prescription.)

For short-term prescriptions, such as antibiotics, use an EAN pharmacy (for lower copays) or a non-EAN pharmacy (where you pay \$5 extra for each short-term prescription). Your Express Scripts Advantage Network has more than 34,000 pharmacies consisting of approximately 50% independent pharmacies in addition to grocers and other stores.

To find a participating pharmacy near you, log in anytime at **express-scripts.com** and select **Find a Pharmacy** from the menu under **Prescriptions**. You can also get pharmacy information by calling Member Services at 800.918.8011. The pharmacy network is designed to provide you with lower prescription costs at nearby participating pharmacies. Please be aware that you'll pay a higher amount if you choose to use non-EAN pharmacy.

For long-term medications, such as those used to treat high blood pressure or high cholesterol, use a Smart90 (Costco, Rite Aid or Sharp Rees-Stealy) pharmacy or home delivery from Express Scripts<sup>®</sup> Pharmacy.

Important Note: You'll pay a higher cost for a long-term medication if you fill it at a retail pharmacy other than a Smart90 pharmacy after the third purchase. The medications affected by this plan limit may change.

KEEP THIS INFORMATION For more information about your plan, log in at express-scripts.com or call Member Services toll free at 800.918.8011. **Drug conversion programs.** If you're prescribed a medication that isn't on your health plan's preferred list, yet an alternative plan- preferred medication exists, we may contact your doctor to ask whether that medication would be appropriate for you. If your doctor agrees to use a plan-preferred medication, you'll usually pay less.

**Use generics and preferred medications.** If you're taking a medication that's not on the preferred list, ask your doctor to consider prescribing a lower-cost generic or preferred brand-name medication. To find out whether your medication is preferred, just log in at **express-scripts.com** and choose **Price a Medication** from the menu under **Prescriptions.** Enter your medication name and view cost and coverage information on the results page. You can also get pricing information from Member Services at 800.918.8011.

**Prior authorization: When is a coverage review necessary?** Some medications aren't covered unless you first receive approval through a coverage review (prior authorization). This review uses plan rules based on FDA-approved prescribing and safety information, clinical guidelines and uses that are considered reasonable, safe and effective.

There are other medications that may be covered, but with limits (for example, only for a certain amount or for certain uses), unless you receive approval through a coverage review. During this review, Express Scripts asks your doctor for more information than what's on the prescription before the medication may be covered under your plan. To find out whether a medication requires a coverage review, log in at **express-scripts.com** and select **Price a Medication** from the menu under **Prescriptions**. Enter your medication name and view coverage information on the results page.

**Specialty medications: Get individualized service through Accredo, an Express Scripts specialty pharmacy.** Specialty medications are used to treat complex conditions, such as cancer, growth hormone deficiency, hemophilia, and hepatitis C. Accredo is composed of therapy-specific teams that provide an enhanced level of individual service to patients with special therapy needs.

Whether they're administered by a healthcare professional, self-injected, or taken by mouth, specialty medications require an enhanced level of service. By ordering your specialty medications through Accredo, you can receive:

- Toll-free access to specialty-trained pharmacists and nurses 24 hours a day, 7 days a week
- Delivery of your medications within the United States, on a scheduled day, Monday through Friday, at no additional charge
- Most supplies, such as needles and syringes, provided with your specialty medications
- Safety checks to help prevent potential drug interactions
- Refill reminders

Automatic refills: A convenient service to help you avoid running out of your long-term medications. Most prescriptions you order from Express Scripts® Pharmacy can be enrolled in automatic refills. Then, when it's time to refill or renew your prescription, your order will automatically ship to you. We'll also notify you seven days before we begin processing your next refill. You have the option to change the next processing date or cancel the prescription from the service before processing begins.

#### There are three easy ways to enroll in automatic refills:

- Log in at express-scripts.com and choose Automatic Refills from the menu under Prescriptions.
- When refilling a prescription, we ask if you want to enroll it in automatic refills. If you answer "yes," we'll begin automatically refilling your prescription on all future refills.
- Call Member Services at 800.918.8011 and tell the patient care advocate you want to enroll.

**Extended payment program: Stretch your home delivery payments.** Instead of paying in full up front, you can spread your costs over three monthly credit or debit card installments. There's no waiting—your medication will be shipped from Express Scripts® Pharmacy after the very first payment. When you enroll, the program applies to every home delivery prescription for you and your covered family members. To learn more or to enroll, log in at **express-scripts.com**, choose **Payment Methods** from the menu under **Account**. Then click **Edit Information** and **Extended Payment Program**.
