SCHOOL OF LANGUAGE AND LITERATURE

DEAN: Joel M. Levine, Ed.D., Office 430F, 619-482-6349

FACULTY: Angelina Stuart, M.A.

DEPARTMENT CHAIR: Esther Alonso, M.A.

GENERAL DESCRIPTION

Language and communication are at the heart of the human experience. Knowing another language gives one the powerful key to successfully communicate with speakers of other languages. Learning another culture prepares us to live in a multicultural world which helps us gain an especially rich preparation for the future. Each language program at Southwestern College is designed to facilitate interaction and communication with speakers of other languages, whether they are across town or across the world.

CAREER OPTIONS

Below is a sample of the career options available to students with fluency in a foreign language. Fluency and intercultural communication skills in a second language enhances opportunities in: government, business, medicine and healthcare, teaching, technology, the military, social service, law enforcement, communications, fashion, and marketing.

Anthropology is the study of human biological and cultural origins and development, integrating the biological sciences, social sciences, physical sciences and humanities. The Anthropology AA-T degree introduces students to the basic body of knowledge, including the cross-cultural and comparative approach. The program emphasizes the role of the scientific method in investigating humankind, as well as in the development of theoretical perspectives relevant to studying human societies. The Associate in Arts in Anthropology for Transfer (AA-T) degree satisfies the requirements of the STAR Act for transfer to the CSU system.

Program Student Learning Outcome Statement:

- Students will compare and contrast elements of culture, race, ethnicity and gender to varying cultural universals from past and present, such as language, personality development, and health/illness.
- Students will be able to apply research and critical thinking skills in order to evaluate current breakthroughs, trends, or discoveries pertaining to anthropology.
- Using a globally comparative approach, the student will be able to locate, identify and explain the major cultural characteristics and unique contributions of selected societies.

ARCHITECTURE

ASSOCIATE IN SCIENCE DEGREE

TRANSFER PREPARATION * (MAJOR CODE: 01940)

Designed to provide the student with the creative problem-solving skills and critical thinking processes necessary to successfully complete upper-division baccalaureate work leading to the professional bachelor of architecture degree. The curriculum fulfills most of the first and second year requirements at some CSU, US, and other baccalaureate institutions.

Academic placement at the transfer institution is based upon evaluation of a portfolio of the student's work. Students will be required to develop a portfolio of their work for purposes of evaluation by the transfer institution. The courses listed are the architecture courses required to obtain the associate degree in architecture. Students wishing to transfer to the California State University should follow, General Education Breadth Requirement California State University. Students should review specific course requirements of the transfer institution and consult with a counselor as to which courses taken at Southwestern College will articulate to their chosen college.
