- Focus on the issue, not the person.
- Use thoughtful and respectful communication.
- Be unconditionally principled in all matters.
- Assume the best intentions and go to the source.
- Call for a process check at anytime.

The Superintendent/President and President of Academic Senate will co-chair Council meetings. The President of the Academic Senate will determine when consensus has been reached and will forward the recommendations of to the Superintendent/President in writing. The recommendation of the SCC will normally be accepted while the Superintendent/ President retains the authority to make recommendations independent from those of the SCC. Where Superintendent/President recommendations differ from those of the SCC, the Superintendent/ President will present both recommendations to the Governing Board and outline the differences between the recommendations as well as the rationale for the difference to both the Shared Consultation Council members and the Governing Board in writing within a reasonable amount of time.

All Council action will be in the form of consensus. In the context of the SCC, consensus shall be defined as general agreement of those assembled. For the SCC, consensus is defined as ___% of membership. No consensus may be reached without the presence of a quorum of members. A quorum is defined as _____ members. If those assembled conclude that consensus cannot be reached, District Policy 2510 shall remain in effect unless such policy exposes the College District to legal liability or fiscal hardship. The Co-Chairs ask for a second by the members for acknowledgement of the 'elephant'. If a second is given, the Co-Chairs will establish a maximum time frame (i.e., 10 minutes) to address the issue, starting with the member who has put the motion in order. Resolution or agreement to resolve the issue outside the committee structure, should be established by the end of the discussion.

SCC Meetings are open meetings and are not required to follow The Brown Act. SCC meetings should follow agreed-upon parliamentary procedures, such as Robert's Rules;

A parliamentarian, who is a non-voting member or an outside interested body, will be appointed by the Co-Chairs. The parliamentarian will establish the speaker's order for agenda discussion, final authority on the decisions using Robert Rules of Order and keep the meeting on task/timeframe.

The SCC will participate in an annual self-evaluation process during the month of June to assess its progress and identify areas needing modification. Governance Philosophy

Southwestern College is committed to Collegial Consultation as assured in AB1725. We acknowledge the rights and responsibilities accorded to all parties within the College District to participate effectively in consultation and support the establishment of procedures whereby faculty, staff, and students are ensured of appropriate consultation on matters affecting them.

We believe that groups of individuals working together to pool their knowledge, experience, and perspectives are an integral part of the decision making process at Southwestern College, and that the development of policies and procedures for College governance benefits greatly by involving those with appropriate expertise and those who will be most affected by those policies and procedures.

The Governing Board

The Governing Board retains the ultimate fiduciary responsibility for administration of the District and is the policy setting body for the District pursuant to Ed Code 70902. The locally elected Governing Board:

- Represents the College's interest
- Sets policy direction
- Delegates power and authority to the Superintendent/ President to effectively lead the District
- Responds directly to the Academic Senate on all academic and professional matters.
- Establishes the climate in which educational goals are accomplished
- Defines legal, ethical, and prudent standards for college and district operations
- Hires and evaluates the Superintendent/ President
- Assures fiscal health and stability
- Monitors institutional performance
- Represents the community

In carrying out these functions, the Governing Board provides for and encourages effective participation by all constituencies in shared planning and decision making. The Governing Board may act, after a good faith effort to reach agreement, for compelling legal, fiscal, or organizational reasons.

The Governing Board has, in Policy #2510 – Shared Planning and Decision Making -- established opportunity and encouragement for faculty, students, classified staff, and administrators to participate effectively in District and college governance. Student government and classified staff representatives are provided with opportunities to participate in the formulation and development of District and college policies and procedures that have significant effect on students and staff through membership on appropriate District and college councils, committees and task forces.

The Superintendent/President

The Governing Board has bestowed upon the Superintendent/President the authority and responsibility to administer the District, authorized the Superintendent/President to assign other positions as designees, and provided that the Board's designee(s) may carry out collegial consultation with all constituencies. The Governing Board has specified that after participating in established consultation processes, including with the administration of the District, the Academic Senate retains the right to present its views and recommendations directly to the Governing Board in accordance with California Education Code and Title 5.

The Academic Senate

As per Title 5, Section 53203 of the California Code of Regulations and District Policy 2510—Shared Planning and Decision Making, the Academic Senate represents faculty in the development of policies and procedures related to all academic and professional matters. District Policy 2515—The Role and the Scope of the Academic Senate: 10 + 1 Agreement—outlines the areas on which the Governing Board must rely primarily and on which they must mutually agree. The Southwestern College Academic Senate is established as a separate body representing the faculty of Southwestern College. Faculty appointments to councils, committees, taskforces, or other groups shall be made by the Academic Senate, except for the those requiring the faculty collective bargaining unit, SCEA, representation as per contract language.

The Southwestern College Education Association (SCEA)

The SCEA is the exclusive representative of the faculty of the District in matters of compensation, workload and working conditions as specified in Government Code Section 3543 et al. Representatives of SCEA may be included as members of various governance councils, committees or taskforces to ensure full constituency inclusion.

The Southwestern Community College District Administrators' Association (SCCDAA)

The Administrators' Association is representative of the academic and classified administrators, managers and supervisors of the District in matters of compensation and working conditions and participates in

development of policies and procedures. Representatives of the Administrators' Association may be included as members of various governance councils, committees or task forces.

The California School Employees Association (CSEA), Chapter 524

CSEA is the exclusive representative of classified employees of the District in matters of compensation and working conditions as specified in Government Code Section 3543 et al. Representatives of CSEA may be included as members of various governance councils, committees or taskforces to ensure full constituency inclusion. Currently, this policy is being reviewed to include the confidential employees.

The Associated Student Organization (ASO)

The ASO, for the purposes of these governance structures, is the official voice of the students and is responsible for selecting students to serve on councils, committees and taskforces where representation of students is stipulated.

SHARED CONSULTATION COUNCIL - SCC

Although the Superintendent/President has the final responsibility for making most decisions relevant to College operations, the Shared Consultation Council provides the mechanism for a structured leadership, governance, and decision-making process in four primary areas: planning, issue management, communication and collegiality.

Shared Consultation Council is responsible for institutional planning, reviewing and building on current planning documents, thereby developing the institution's Educational Strategic Master Plan, a document which includes items such as the Program Review prioritization list, Technology Plan, Five Year Construction & Facilities Plan, Enrollment Management Plan, Professional Development Plan, etc.

The issue management function takes place as new campus issues are presented to the Shared Consultation Council and either addressed or referred to the appropriate College committee and/or individual/s for review and consideration.

The communication and collegiality functions are served by the Shared Consultation Council as the central communication venue for College governance issues, in that all constituent groups are represented, report on their activities, and each representative is responsible for disseminating information and obtaining feedback from their appointing body, thereby ensuring transparency.

Meetings: Weekly unless otherwise noted.

SHARED CONSULTATION COUNCIL ORGANIZATIONAL CHART**

GENERAL COMMITTEE MEMBERSHIP GUIDELINES

BACKGROUND: AB1725 was enacted in 1988 as a means to improve academic quality and to authorize more responsibility for faculty members in duties that are incidental to their primary professional duties. “Committees” form the opportunity for collegiality and shared governance by providing wide representation on areas impacting the general operations of the College.

The Academic Senates in California community Colleges were identified as the agent who officially represents faculty on specific “Academic and Professional” matters known as “10 + 1”:

1. Curriculum, including establishing prerequisites.
2. Degree and certificate requirements.
3. Grading policies.
4. Educational program development.
5. Standards or policies regarding student preparation and success.
6. College governance structures, as related to faculty roles.
7. Faculty roles and involvement in accreditation processes.
8. Policies for faculty professional development activities.
9. Processes for program review.
10. Processes for institutional planning and budget development.
11. Other academic and professional matters as mutually agreed upon.

Governance Committees that report to Shared Consultation Council include wide constituent representation including members from faculty, classified, student, and administration ranks. Representatives are appointed as follows:

Faculty: As designated by AB1725, faculty representatives are appointed by the Academic Senate
Classified: Non-union negotiation classified representatives are appointed by the CSEA
Students: Student representatives are appointed by the Associated Student Body
Administrators: Administrators are appointed or assigned as needed by the College Management Team
Community: Community representatives may be added/invited as needed.

DRAFT

Reference: *Government Code Sections 6250 et seq. (California Public Records Act)*

Members of the public may request to inspect or copy public records that are in the possession of Southwestern Community College District. A request by a member of the public may be delivered by mail, email or in person to the Office of the Vice President for Human Resources. Any request for public records received by any other employee or office of the College District shall be immediately forwarded to the Office of the Vice President for Human Resources. Any request shall identify with reasonable specificity the records that are sought. If additional information is needed, the Vice President for Human Resources, or designee, may request it be provided in writing.

Within ten business days of receiving the request, the Vice President for Human Resources will determine whether or not the records requested are disclosable public documents in the District's possession; and will notify the requestor of the determination in writing. This notification will also include the estimated date and time the disclosable public documents will be made available. Any notification denying a request shall set forth the names and titles or positions of each person responsible for the denial.

In unusual circumstances, the time limit for providing a determination may be extended by no more than 14 days by written notice to the person making the request, setting forth the reasons for the extension and the date on which a determination is expected to be provided. "Unusual circumstances" means the following, but only to the extent reasonably necessary to the proper processing of the particular request:

- (1) The need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request.

The College District may not limit access to a public record based upon the purpose for which the record is being requested, if the record is otherwise subject to disclosure.

Assistance that will be provided includes: the information technology and physical location in which the records exist; and practical suggestions for overcoming denial of access to the records or information.
