

STEP 1—Application

We want to express how glad we are that you have decided to attend Southwestern College and become part of our diverse student body.

All good things have it's start and attending Southwestern College and receiving Early Admission has to start with a simple online application.

Let us review some quick F.A.Q.s about the online application before we give you the instructions.

F.A.Q.s

Q: How long does the application take to fill out?

A: The application takes about 30-45 minutes

Q: Do I need any documentation for the application?

A: During the application, we don't require any documentation to be submitted. The only thing we do ask is for you to have your social security number at hand. Although it is not required, this allows us to process your application faster and allows less room for application processing errors.

Q: How long does the application take to process?

A: The application can take up for 48 hours, on business days, to process. After the 48 hours, you'll receive an e-mail with your Southwestern ID number and your WebAdvisor log-in information.

Q: What happens if I don't receive an e-mail after 48 hours?

A: Unfortunately, sometimes e-mail hosts classify e-mails from Southwestern College as spam. To avoid missing e-mails from us, you can add us to your safety list and follow us on [Twitter](#), like us on [Facebook](#) or subscribe to us on [YouTube](#).

Q: What do I do after I submit the application?

*A: After the application you want to wait until you have a Southwestern ID number, then complete **Step 2**, which is the Assessment test.*
