SOUTHWESTERN COLLEGE **NURSING AND HEALTH OCCUPATIONAL PROGRAMS**

TO BE COMPLETED BY THE STUDENT:

Disclosure and Release of Health History and Immunization Requirements

Student's Name: _____ Birth date: _____
Last First Middle Month/Day/Year

Address: _____
Street City, State Zip Code

Telephone: (_____) _____ *SWC e-mail address (primary): _____
* ***all program communications will be via SWC e-mail***

Secondary e-mail address: _____

DISCLOSURE AND CERTIFICATION STATEMENTS

I hereby grant permission for the release and/or disclosure of health history and health screening medical information between and among authorized college, clinical facilities, and hospital personnel.

CONSENT FOR RELEASE OF HEALTH REPORT, RECORDS AND/OR MEDICAL INFORMATION

I realize the various health agencies where Health Profession students gain experience may wish for students to be certified in good health. I hereby consent to the communication of my health record from Southwestern College to participating agencies as requested.

Furthermore, I acknowledge it is my responsibility to keep current at all times and provide the following to SWC Nursing & Health Occupation Programs Office: a copy of my immunization records, annual physical exam dated within one year, proof of TB clearance dated within one year (unless positive; chest X-Ray report is good for five years), titers (if applicable), seasonal flu shot, CPR certification and/or other medical requirements. Note: the only CPR card accepted is AHA Healthcare Provider or Basic Life Support [BLS] Provider.

Once admitted into the Nursing or Health Occupation Program, I will be required to upload records to the Complio online immunization tracking system. The online immunization tracking system applies to ALL programs: CNA, Acute Care CNA, Central Service Technology, Surgical Technology, ADN, LVN to ADN Step Up, IDC Step Up or Operating Room Nurse Programs. Complio must remain compliant at all times.

HEALTH HISTORY FORM

Health History – TO BE COMPLETED BY THE STUDENT	**CHECK "YES" or "NO"**	
1. Have you ever been hospitalized? If yes, provide information below.	Yes	No
a. List health problem:	Date:	
b. List operation(s) performed:	Date(s):	
2. Are you under a physician's care now? If yes, provide information below.	Yes	No
a. List name of physician:		
b. List name of health problems:		
c. Are you taking medications on a regular or frequent basis?	Yes	No
If yes, list meds (attach sheet, if needed):		
3. Do you have any allergies?	Yes	No
a. List medications you are allergic to:		
b. List other allergies: (food, pollen, contact, animal, dust):		
4. Have you had a back, neck or wrist injury?	Yes	No
a. Was medical attention or surgery required?	Yes	No
Please explain:		
5. Have you had an injury to any muscle, bone, ligament or tendon?	Yes	No
a. Was medical attention or surgery required?	Yes	No
Please explain:		
6. Do you smoke? If yes, packs per day = [ ]	Yes	No
For questions 7-9 below: if you answer "yes," please explain your limitation(s) on a separate sheet of paper.		
7. Do you have any limitation(s) which may affect your ability to lift, turn, or transfer patients or otherwise restrict you from participating fully in the RN training program?	Yes	No
8. Do you have any limitation(s) in the use of your senses, such as sight or hearing, which would limit your ability to practice a health profession?	Yes	No
9. Do you have any condition which might interfere with your ability to practice a health profession safely? If yes, please explain your limitation(s) in detail on a separate sheet of paper.	Yes	No
PLEASE INDICATE WITH A CHECK IF YOU OR A FAMILY MEMBER HAVE HAD:	SELF	FAMILY MEMBER
a. Hypertension (High blood pressure)		
b. Heart disease		
c. Diabetes		
d. Cancer		
e. Tuberculosis		
f. Seizure disorder		
g. Asthma		
h. Chickenpox		
i. Drug and/or alcohol abuse

NURSING AND HEALTH OCCUPATIONAL PROGRAMS

Supplemental Medical Guidelines

TO BE COMPLETED BY PHYSICIAN, PHYSICIAN ASSISTANT OR NURSE PRACTIONER:

Nursing students must be able to do total patient care in all nursing areas without physical, emotional, cognitive or psychological limitations. Female students must be able to provide care to male patients and male students must be able to provide care to female patients. Written documentation of complete recovery from any previous injury and/or illness must be provided. Following is a brief description of some of the types of activities that students will perform while working with patients in the hospital. Students are expected to meet all of these parameters.

Note: Any issues regarding disabilities (temporary or permanent) will be reviewed per ADA Act 1990 and reasonable accommodations will be considered per regulation.

1. Moderate to heavy lifting and carrying (20-40 pounds).
2. Pushing, pulling, bending, and kneeling around patients using various types of hospital equipment such as wheelchairs, gurneys, lifting devices and specialized beds; work in small confined spaces, move around rapidly.
3. Fine motor dexterity using both hands while preparing medications and manipulating a variety of instruments and assessment devices.
4. Rapid mental processing and simultaneous motor coordination; necessary to manipulate syringes, start IV's; assist with patient ADL's; write/type; perform procedures.
5. Extensive periods of walking and standing (4 or more hours at one time).
6. Visual discrimination including depth perception and color vision; vision sufficient to make physical assessments of patients and equipment; perform procedures.
7. Ability to hear the spoken word in settings where other sounds are present. Able to hear clearly on the telephone, hear through a stethoscope (sound enhanced OK), to hear cries for help, to hear alarms on equipment and emergency signals and various overhead pages.
8. Working with hands in water (frequent hand washing is required); ability to palpate superficially and deeply; discriminate tactile sensations.
9. Working with various materials and substances to which some individuals may be allergic (such as latex).
10. Ability to speak clearly in order to communicate with patients, families, staff, physicians; need to be understood on the telephone.
11. Have sufficient emotional stability to perform under stress (both academically and in clinical setting).
12. Ability to communicate effectively in English both verbally and in the written format for the classroom setting and the clinical setting.
    Note: Casts, splints, braces are not allowed in the clinical setting.

Mark the appropriate box below:

☐ After reviewing the "Supplemental Medical Guidelines" listed above and based on findings from the patient's history and physical exam, I certify that the above student is physically and mentally capable of fully participating in Southwestern College Nursing and Health Occupational Programs.

☐ The following health problem(s) should be further evaluated **PRIOR** to participation in a clinical assignment:

_____

_____
Examiner's Signature & Title

_____ _____
Physical Exam Date License # (required)

Business Card or facility stamp must accompany this form.

The statement below is to be reviewed and signed by the student:

I understand these physical and other requirements for the Nursing Program as specified above. I will inform my healthcare provider, faculty, and the Program Director of any/ all disability issues immediately as they occur, and upon acceptance into the program. *If applicable,* I will make an appointment with Disability Services with any concerns or disability issues.

TUBERCULOSIS (TB) TEST REQUIREMENTS

NAME: _____ **STUDENT ID#**: _____
Last First Middle

All Health Profession students are required to have a 2-Step PPD (TB skin test) or a blood test for TB infection (per CDC, these include IGRA's; QuanitFERON; SPOT TB test or T-Spot; or GAMMA INTERFERON) prior to starting program, unless previously **positive. If TB test is positive, a chest x-ray is required**. **Chest x-ray results must be dated within five years.** A TB Test or Questionnaire is due yearly for all students and must be cleared by students' healthcare provider.

To be cleared by Southwestern College Nursing & Health Occupational Programs, supporting TB documentation results must accompany this form such as a copy of TB skin, TB blood test results and/or a copy of chest x-ray, if applicable. **The size of indurations must be measured in mm.**

On this form, a signature and stamp will only be accepted from the following: Physician, Physician Assistant, Nurse Practitioner, Registered Nurse, Vocational Nurse or Southwestern College Health Services Nurse.

STEP #1 - First PPD Test		
Date: _____ Time Given: _____	Manufacturer: _____ Dose: 0.1mL Exp. Date: _____ Lot#: _____ Given By:

San Diego Nursing Service-Education Consortium

2017-2018 Influenza Vaccination Consent

All students/faculty with clinical assignments must comply with the CDC's recommendations for seasonal flu immunization by the deadlines announced by the clinical agencies. The following information is taken from the following website: https://www.cdc.gov/flu/professionals/acip/index.htm.

For the 2017–18 season, quadrivalent and trivalent influenza vaccines will be available. Inactivated influenza vaccines (IIVs) will be available in trivalent (IIV3) and quadrivalent (IIV4) formulations. Recombinant influenza vaccine (RIV) will be available in trivalent (RIV3) and quadrivalent (RIV4) formulations. Live attenuated influenza vaccine (LAIV4) is not recommended for use during the 2017–18 season due to concerns about its effectiveness against (H1N1)pdm09 viruses during the 2013–14 and 2015–16 seasons. Recommendations for different vaccine types and specific populations are discussed. No preferential recommendation is made for one influenza vaccine product over another for persons for whom more than one licensed, recommended product is available.
Updates to the recommendations described in this report reflect discussions during public meetings of ACIP held on October 20, 2016; February 22, 2017; and June 21, 2017. New and updated information in this report includes the following:

- *Vaccine viruses included in the 2017–18 U.S. trivalent influenza vaccines will be an A/Michigan/45/2015 (H1N1)pdm09–like virus, an A/Hong Kong/4801/2014 (H3N2)-like virus, and a B/Brisbane/60/2008–like virus (Victoria lineage). Quadrivalent influenza vaccines will contain these three viruses and an additional influenza B vaccine virus, a B/Phuket/3073/2013–like virus (Yamagata lineage).*
- *Information on recent licensures and labelling changes is discussed, including licensure of Afluria Quadrivalent (IIV4; Seqirus, Parkville, Victoria, Australia); Flublok Quadrivalent (RIV4; Protein Sciences, Meriden, Connecticut); and expansion of the age indication for FluLaval Quadrivalent (IIV4; ID Biomedical Corporation of Quebec, Quebec City, Quebec, Canada), previously licensed for ≥3 years, to ≥6 months.*
- *Pregnant women may receive any licensed, recommended, age-appropriate influenza vaccine.*
- *Afluria (IIV3; Seqirus, Parkville, Victoria, Australia) may be used for persons aged ≥5 years, consistent with Food and Drug Administration–approved labeling.*
- *FluMist Quadrivalent (LAIV4; MedImmune, Gaithersburg, Maryland) should not be used during the 2017–18 season due to concerns about its effectiveness against influenza A(H1N1)pdm09 viruses in the United States during the 2013–14 and 2015–16 influenza seasons.*

Please answer the following questions. It is recommended you wait at least 30 minutes after the injection, due to the possibility of an allergic reaction.

		Yes	No
1.	Is this the first "Flu" vaccination you have ever received?	☐	☐
2.	Have you ever had an allergic or serious reaction to the following; Flu vaccine, chicken eggs, or chicken products, Thimerosal, or have you had Guillain-Barre Syndrome (GBS)?	☐	☐
3.	Are you ill today?	☐	☐
4.	Do you take blood thinners such as Aspirin, Clopidogrel (Plavix), Dipyridamole (Aggrenox), or Coumadin (Warfarin) on a daily basis?	☐	☐
5	Are you under 18 years of age? ***If yes, parental consent is required.***	☐	☐
6.	Are you pregnant? If yes, you must provide written permission from your physician.	☐	☐

Please check your appropriate age group:
Age: 6-18 ☐ 19-49 ☐ 50-59 ☐ 60-64 ☐ Over 65 ☐
Please check your appropriate category: ☐ Student ☐ Faculty
