

# On the move!

## with CTE Transitions

**Career Technical Education** gives students the opportunity to **Explore** a variety of career fields, **Experience** through work-based learning the daily activities of the career path, and prepare for **Employment** after completing each chosen program of study.

The CTE Transitions Program, (formerly Tech Prep 2+2), has a new website to help you reach your career goals. If you completed career technical classes in high school or adult school, see your next steps in receiving college credit for your earlier work in classes like, Automotive, Electronics, Computer, Child Development, and Business.

CTE Transitions, formerly Tech Prep, is a federal initiative developed to address the demand for a highly skilled workforce. CTE Transitions is funded through the Carl D. Perkins Career and Technical Education Improvement ACT of 2006. CTE Transitions requires designated community colleges to fund activities related to CTE Transitions objectives with the goal of helping Career Technical Education students' transition from secondary to postsecondary education and on to the world of work.
