Students

DEGREE REQUIREMENTS

<u>Degree Programs</u> - Students are encouraged to plan their educational objectives in such a manner as to qualify for graduation with an Associate Degree. A candidate does not automatically receive the degree upon completion of graduation requirements, but must submit a Petition for Graduation. Petitions for Graduation must be filed by the deadline dates listed in the appropriate semester's class schedule.

<u>Multiple Degrees</u> - Students who qualify may receive a maximum of two Associate Degrees providing the designated major of the second degree is different than that of the first degree. A student who has already earned a Bachelor's or higher degree may qualify for an Associate Degree providing that the designated major is different from the Bachelor's or higher degree.

To earn a second degree, the student must complete eighteen (18) units in addition to those units required for the first degree. The additional units must include a minimum of twelve (12) units in the second major.
