PROGRAM DESCRIPTION & REQUIREMENTS

(Read & Initial Boxes)

Southwestern Community College District, through its Crown Cove Aquatic Center, makes boating and water safety training programs available to “provider” youth serving agencies. These agencies are responsible for the selection, transportation and general supervision of all participants taking part in the program. Prior to any participation, each agency is required to have the participant and, in the case of minors, the legal guardian, complete, sign and have on file at the Center the following:

1. Waiver and Release/Liability
2. Program Description
3. Health History & Medical Authorization

☐

It is the intent of this Program Description to inform the participants and parents or guardians of the inherent risks associated with any and all aquatic sports activities. These risks include, but are not limited to; injuries, accidents and conditions associated with collision, immersion, submersion, environmental hazards, exposure, marine life hazards, physical fatigue, mental and physical stress, acts of God or people, and encompass all aspects of the activity including transportation to and from the program, cleaning and storage of equipment, equipment failures, all instruction and practice associated with the program activity and the facilities attendant thereto.

☐

It is agreed to, by the participant, parent or guardian, that the participant is physically able and mentally prepared to take part in aquatic sports activities on open flat and moving water and that such participation may require an assumption of risk as to the degree of danger and the ability to make independent decisions that could result in serious injury or death. Moreover, it is understood, that should the behavior of the participant present a danger to self or others or a distraction to the instruction or directions being given, that the participant may be removed from the program.

I authorize my child's photograph and name to appear in print ads or on the college's publications for Southwestern Community College and Crown Cove Aquatic Center while engaged in campus activities and classes if selected.
