Using One-Step Alerts

What are one-step search and journal alerts?

One-step alerts are alerts that can be set up from EBSCO*host* without signing in to your personal account (My EBSCOhost). One-Step alerts are for users that prefers viewing their search or journal alerts via an RSS reader, one-step alerts offer a quick and easy way to obtain the alert syndication feed, which he can then copy into his RSS reader.

Creating One-Step Search Alerts

You can set up search alerts in just one step directly from the Result List or Search History Screens.
