

Wilderness First Responder (WFR)

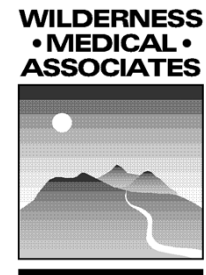

If you spend time in the outdoors, you know that medical emergencies could be very difficult to manage in a wilderness context. This course will focus on backcountry medicine as it relates to: Extended patient management and delayed transport, Severe environments, and Limited and improvised equipment. The WFR certification is the industry standard for guides, SAR teams, and outdoor recreationalists.

When: FALL 2014 Tuesday & Thursday nights
6-10:35pm and three Weekend simulations
8am-6pm. Dates: T/Th 10/20 – 12/11 and 3
