A. Purpose:

Southwestern Community College District believes that the high quality of planning, decision making, programs and services offered by the College is dependent upon the most creative thinking, ideas and contributions by the entire College community. The Southwestern College Academic Senate, in agreement with the Governing Board of the Southwestern Community College District, adopts the following principles and policies when receiving, adopting, and acting upon recommendations from the Academic Senate in areas of academic and professional matters as specified in Title 5, Section 53200, of the California State Code of Regulations, and AB 1725 (1988).

The Governing Board shall identify procedures for the delegation of authority and responsibility to its Academic Senate (Section 53203). The Governing Board and Academic Senate are then enjoined to consult with each other in a collegial and timely manner. Regulations have made provision to rely primarily on the judgment of the Academic Senate, or to seek joint resolution with the Academic Senate (Section 53200).

"Participatory decision-making" is the act of District employees participating collegially in the decision-making processes of the College. The goal of participatory decision-making is to include, within the decision-making processes, representatives of all college constituencies affected by these decisions (Title 5 53203.a-f and Education Code Sections 66700 and 70901). To ensure that governance is shared, all groups shall operate within the shared governance processes. Mutual trust and support are essential for the success of shared governance. These result from demonstration by each group involved that they first seek to improve the college and to strengthen its ability to carry out the college's mission of educating our constituent populations. Shared governance is designed to serve the entire college. It is, therefore, incumbent upon all constituent groups, ad-hoc committees, standing committees, councils, task forces, and others involved to ensure that representation from all areas of the college, and any satellite locations, be fair and inclusive. Every effort should be made to include individuals who increase the District's ability to represent the increasingly diverse student body faculty, staff, employees and the District population.

B. Principles:

1. Participation is to be encouraged in all sectors to encourage all members of the College's constituency groups to ensure equal opportunity to participate fully in governance activities.

   - A method to determine the membership of the committee.
   - Distribution of agenda prior to meeting dates, timely distribution of minutes and distribution of other materials deemed necessary for the effective participation on said committees. These materials will be maintained and available on the committee website annually. Archival documents will be electronically stored in an accessible public domain.
   - Methods to conduct their meetings in accordance with standard parliamentary procedures and/or self-developed rules.
   - A calendar of meeting dates made available at the beginning of each academic year.

4. Constituent groups may form ad-hoc groups and task forces as needed based on definitions determined by the Integrated Planning Model Handbook.
