Making an Appointment
Persons applying or nominated for the position must meet the legal qualifications for members of the board stated in the Constitution and other laws. They must be residents of the district (or area, if the district has trustee areas) (Education Code 72022).

The person appointed to the position shall hold office only until the next regularly scheduled election for district governing board members.

A provisional appointment confers all powers and duties of a governing board member upon the appointee immediately following his or her appointment.

The provisional appointment must be made by a majority public vote of the board members at a public meeting. Private ballots are not allowed.

Recruiting and Informing Candidates
Every board would like a good pool of qualified applicants who support the work of the district and have the interests of the community in mind. Foundation boards, college advisory committees, and community leaders are excellent sources of potential candidates. In addition to the required public notice, activities to recruit include:

- Send announcements about the vacancy and information about the role of a trustee to people who might be or know of good potential board members.
- Solicit names of good potential candidates from current trustees, community leaders, and college organizations. Call or send those who are identified a letter with application information.
- People who indicate an interest should be encouraged to learn more about the position. See the sample letter to potential candidates and applicants (Attachment 2). The district office may provide or arrange:
  - Information about the board role and trustee responsibilities, including compensation (if any), conflicts of interest and disclosure requirements, and expectations.
  - Individual meetings with the CEO.
  - Candidate group meeting with the CEO and other staff.
  - Packets of information available from the League, including the brochure “Board Candidate Information” and selected chapters from the Trustee Handbook.
  - District information, including board meeting agendas and minutes, board ethics and operations, college catalogs and general reports, and summaries of long-range plans.

The recruitment process should be conducted in such a manner that reflects well on the college and the board. The primary contact should be the CEO or his/her designee in the district office. Trustees should maintain their neutrality and support for an open process.

ITEM #7 B
Reviewing Candidates
The law is silent on how a board is to review candidates. However, a number of strategies have been used to review applications and select the candidate. Identifying strategies and reviewing applications may take place in an ad hoc board committee, which would then report to the board in a public meeting for final action, or the board may hold the discussion at a public meeting. Some strategies are:

- Each trustee receives and reviews applications and background materials about all candidates.
- Trustees may use rating sheets to rank the candidates or simply identify their top choices for the position using the criteria established by the board.
- The board determines whether to select a certain number of finalists for further consideration, or whether to interview or hear from all eligible applicants.

Selection of finalists occurs at a public meeting. A board committee may be used to recommend finalists, but the decision is made at a board meeting.

Selecting finalists may be based on the extent they meet the criteria for selection. One approach is that all trustees identify their top choices; those who are selected the greatest number of times become finalists for the position.

Further review of all candidates or the finalists may be done by inviting them to a) be interviewed by the board, b) make presentations to the board, and/or c) submit additional background materials for further board review.

Choosing a certain number of finalists to be interviewed may depend on whether there are a large number of applications and/or the amount of time the board has to conduct interviews or hear presentations. The board may choose to interview or hear presentations from all applicants who meet eligibility requirements. The latter choice ensures that all who are interested have full opportunity to speak to the board and reinforces that the appointment process is open to all.

A positive, public discussion of the candidates fosters a positive image and promotes good community relations. The board benefits by focusing on the strengths of the applicants rather than on the weaknesses of any one person.

Criteria
The board determines the criteria used to select the appointee. A board ad hoc committee may be used to develop and propose criteria to the entire board, or the discussion may take place in the board as a whole.

The selection criteria may be used to help trustees review applications to choose their top candidates, select a number of finalists to be interviewed, and decide who to appoint.

Possible criteria are:

- Interest in and commitment to service to the community;
- Interest in and commitment to public education and student learning;
- Knowledge about and commitment to the role and mission of community colleges in the communities they serve and in the context of all higher education;
- Willingness and ability to represent those who live in the service area; mindful of the perspectives of diverse constituencies;
- Willingness to advocate the district and its interests to the community and state;
- Knowledge and background related to the issues considered by the board (e.g. community needs, funding, education, district operations);
- Ability to work as a member of a public governing board; understands that the board, not the individual trustees, has authority;
- Ability to articulate perspectives and respect the perspectives of others;
- Willingness to work cooperatively with others and in partnership with the CEO;
- Time and energy necessary to fulfill the responsibilities of being a trustee;
- Willingness and time to engage in ongoing professional development;
- Commitment to fulfill the ethical and legal responsibilities of trusteeship, unencumbered by private agendas; and/or
- Qualities, background, and stature that will enhance the standing of the district in the community.

Interviewing and/or Hearing from Candidates
It is optional to interview or hear presentations from candidates, but most boards decide to do so to learn more about the candidates and ensure the process is open. Interviews or presentations must take place in a public, properly noticed meeting. Candidates may be invited to make a short presentation to the board (3-5 minutes) on why they should be appointed to the board. Candidates may also be interviewed after or instead of the presentation. Suggestions for the interview process include:

- Conduct interviews in the same manner for all candidates.
- Provide the questions to candidates prior to the interviews to ensure that all have the same time to prepare.
- Determine the order in which candidates are interviewed (or make presentations) by lot, alphabetical order, or some other neutral method.
- Vary the order in which candidates respond to questions; e.g. ask a question and ask each candidate to respond. Then ask the next question and vary the order in which candidates respond.
- The board president may ask all questions, or board members may take turns asking questions. It is wise to set time limits for candidate responses.

Publicity about the Appointment
Education Code 5092 requires that there be publicity about the vacancy that includes posting a notice of the vacancy in three public places in the district and publishing a notice in a newspaper of general circulation. Government Code 6061 states that publication shall be for one time. The posted notice of vacancy should include instructions on how to apply for or nominate someone to be a candidate for appointment.

The Board may wish additional publicity. The required notices may include additional details or encourage interested people to call for more information about the college, board roles, and trustee responsibilities. The announcement and further information may be sent to local news media, placed on the college’s website, and distributed to community leaders.

The need to appoint a trustee is an opportunity to educate the community about the governing board. The announcement, press release, or other information therefore might include what is expected of board members in fulfilling their jobs and how boards contribute to effective colleges (See Attachment 1 for sample language).
