**RECOMMENDATION**

Accept the audited financial statements for the General Operational Funds for year ended June 30, 2007.

**OVERVIEW**

Pursuant to Education Code Section 41010-41023, “each fiscal year, each county superintendent of schools shall provide for an audit of all funds under his or her jurisdiction and control and the governing board of each local educational agency shall provide for an audit of the books and accounts of the location educational agency.”

The district’s financial audits were conducted by Messner and Hadley, LLP, Certified Public Accountants, in accordance with auditing standards. It is their opinion that the financial statements present fairly, in all material respects, the financial position of Southwestern Community College District, as of June 30, 2007 and the respective changes in net assets and cash flows, for the fiscal year then ended in conformity with accounting principles.

The results of the audit disclosed that except for Standards of Scholarships and the Scheduled Maintenance Program, for the items tested, the District complied with the state laws and regulations. Messner and Hadley, LLP noted no matters involving the internal controls over financial reporting and its operation that they consider to be material weaknesses. Messner and Hadley, LLP noted two other matters involving the internal control and compliance over financial reporting as described in the audit.

Two of four recommendations from previous years have been implemented and noted in the audit.

**FISCAL IMPACT/FUNDING SOURCE**

No cost to the District.

*Auditor Paul Messner was present and answered questions from the Board. Board President Agosto inquired about the GASB requirement. Dr. Chopra indicated that a question had been raised regarding the accuracy of the numbers, and the information has been forwarded to the Actuarial Company. He hoped to have it within the next coming weeks.*
