

## **APPENDIX G: CLASSIFICATIONS EXCLUDED FROM NOTIFICATION REQUIREMENT**

Pursuant to article 6.1 of the CSEA collective bargaining agreement, the District is committed to serving timely notifications for temporary changes in schedule. However, unforeseen circumstances, including but not limited to, weather changes, emergencies, force majeure events, or other situations beyond the District's control, may occasionally hinder the District's ability to provide advance notice in a timely manner.

This list of job classifications is intended to provide employees and the District the flexibility to temporarily change schedules with less than a 10-day notification.

\*This list is subject to change by mutual agreement between the District and CSEA.
