2022 - 2025 Board Commitment and Goals

Commitment and Guiding Principles

The Southwestern College Board of Governors is deeply committed to the development and success of all students. We value the diversity of the district's students, faculty, staff, and campus community. We believe in the importance of honoring our history, our designation as a Hispanic-Serving Institution (HSI), and the rich diversity of our community while working towards creating an equity-focused inclusive college.

The board affirms that the district shall provide an education and work environment that is welcoming and supportive of all members of the college community, regardless of race, ethnicity, gender, disability, sexual orientation, age or religion. The environment shall be such that students and employees can learn and work together in an atmosphere that is productive and not only free from discrimination, harassment, exploitation, and hate crimes, but affirmatively empowers people of all backgrounds. We expand on this commitment in our ***SWC Student Access, Equity, Success and Completion Commitment Statement***.

The Board will uphold the values expressed in our college mission statement ensuring that we embody and promote them as we carry out our responsibilities, hold ourselves and the Superintendent/President accountable and engage in ongoing learning opportunities to strengthen our policies and practices.

Guiding Principles

To guide our policy development and decision-making process, the Board has identified the following principles as critical to upholding our institutional values:

- Student-Centered
- Equity-Focused
- Data-Informed
- Community Connected

Welcome,

As Dean of the Higher Education Center at National City (HEC, NC) let me be the first to welcome you to the Center. We are thrilled to have you join our vibrant academic community and embark on this exciting journey with us.

Here at the Center, we offer a diverse array of courses tailored to meet your educational needs and aspirations. Whether you're interested in occupational programs, planning to transfer to a four-year institution, or seeking general education courses, we have over 100 classes for you to explore.

Our commitment to your success extends beyond the classroom. We provide a range of student services designed to support you throughout your academic journey. From academic counseling and financial aid assistance to admissions/registration help and tutoring services, we are here to ensure you have the resources you need to thrive.

In addition to our extensive academic offerings, we are proud to feature modern facilities to enhance your learning experience. Our Center includes 16 "smart" classrooms, a fully equipped biology laboratory, a 30-station open computer lab, a health services center, and an 18-chair Dental Hygiene Clinic offering free cleanings to students.

In 2018, the Center expanded to include the Plaza Building. The facility includes science labs for Anatomy, Physiology, Chemistry and Microbiology. Additionally, the Plaza Building houses our medical office profession program's medical clinic and multi-use community room. This state-of-the-art facility houses modern laboratory spaces, additional classrooms, a teaching clinic for medical office professions, and a community room that can accommodate 90 people for various events. The new building also includes a small courtyard, providing a pleasant space for you to relax and enjoy.

Our commitment to student well-being is further exemplified by the HEC, NC's JAG Kitchenette, located next to student services. This pantry is dedicated to offering temporary relief to students experiencing food insecurity. It is a safe and judgment-free zone where currently enrolled SWC students can access support.

At the Higher Education Center, we are dedicated to continually improving our services to better serve you. Your success is our priority, and we are here to support you every step of the way.

Thank you for allowing us to be a part of your academic journey. We wish you a successful semester and a bright future ahead.

Warmest regards,

Christine Perri, RDH, MA

Dean, Higher Education Center, National City & Crown Cove Aquatic Center

The History of the Higher Education Center

Established in 1961, Southwestern College (SWC) is the only institution of public Higher Education in the southern portion of San Diego County. The key component to the mission of SWC is providing access to quality education for all residents of its entire service area. With that in mind, the first education center was established in San Ysidro. The San Ysidro campus proved that satellite campuses are a vital part of providing access to education for South Bay residents.

In 1998 National City leaders requested the administrators of SWC and SDSU to explore the idea of offering courses in National City. From that meeting emerged what we fondly call the HEC, NC – The Higher Education Center at National City. The HEC, NC officially opened its doors for the Fall 1998 semester to 423 students!

Throughout the years, the Center has expanded to include the Dental Hygiene, Medical Laboratory Technician, Medical Assisting, and Optical Technician programs offered in state-of-the-art facilities. Most recently, we expanded access to higher education opportunities for students through our weekend college program, offering some of the most popular general education courses, career education programs, as well as a variety of fitness and enrichment classes.

The Higher Education Center prides itself on being able to provide an intellectually stimulating environment for our students, faculty, and staff where we work together to serve the educational needs of the South County community. As a valuable member of the SWC teaching faculty, your contribution to the learning experience of our students is of utmost importance.

HEC, NC Parking Rules and Regulations

The Higher Education Center parking and traffic is supervised by the Southwestern College Police Department and Public Safety Assistants. The following rules and regulations pertain to all students, staff and public. A copy of the college parking policy is available in the Business and Operations office, Main Campus, Room 1651.

- All regulatory signs within the parking structure must be obeyed. Violators will be cited under California Vehicle Code Section 21113(a).
- The maximum speed limit within the parking structure is 10 MPH.
- Parking is allowed in marked spaces only.
- Except in disabled parking spaces, all vehicles must have a valid college parking permit, properly displayed, while parked in the parking structure. Vehicles parked in disabled person spaces must always display state-issued disabled person identification.
- Staff parking spaces (gold-lined parking stalls) require a valid staff parking permit at all times. Staff permits are valid in student and staff parking spaces.
- Student parking spaces (white-lined parking stalls) require a valid student semester parking permit or a single day parking permit, Monday through Friday from 7:00 a.m. to 10:00 p.m.; Saturday and Sunday from 7:30 a.m. to 4:00 p.m. The HEC NC is closed on Fridays during the summer. Student semester parking permits may be purchased online. [Parking Services](#)
- Single day permits, valid the date of issuance, are available for \$3.00 from the permit dispenser located on the second level of the structure next to the elevator.
- Parking on the roof of the structure is prohibited and its use is solely for the staff and visitors of the San Diego County of Education Facility.
- Purchase of a parking permit does **NOT** guarantee a parking space. The responsibility for finding a legal parking space rests with the operator of the vehicle. Lack of space is not an excuse for illegal parking.
- Southwestern College is not responsible for lost or stolen permits. Replacement permits may be purchased in the Higher Education Center Student Services, Room 7116.

Parking or loitering on campus after 10:00 p.m. or after special events is prohibited.
