The environment shall be such that students and employees can learn and work together in an atmosphere that is productive and not only free from discrimination, harassment, exploitation, and hate crimes, but affirmatively empowers people of all backgrounds. We expand on this commitment in our ***SWC Student Access, Equity, Success and Completion Commitment Statement***.

The Board will uphold the values expressed in our college mission statement ensuring that we embody and promote them as we carry out our responsibilities, hold ourselves and the Superintendent/President accountable and engage in ongoing learning opportunities to strengthen our policies and practices.

Welcome,

I hope this message finds you well. As we embark on the upcoming semester at the Higher Education Center (HEC, NC) at National City, I am honored to extend a warm welcome to each of you.

Your dedication to academic excellence and commitment to our students continue to be the driving force behind the success of our college. The Fall semester brings with it a sense of renewal and the promise of new opportunities for growth and achievement.

We appreciate your willingness to provide your teaching expertise and experience in partnership with the staff of the HEC, NC to ensure that the student body is provided an academic experience that upholds the standards of rigor and student-faculty interaction and involvement that have come to be expected of the "SWC Experience." The HEC, NC offers over 200 classes for students to choose from, including occupational, transfer and general education courses, and we're also the only HEC that offer Weekend Educational Courses. In addition to academic course offerings, we provide many services to assist students, including academic counseling, admissions/registration, cashiering, financial aid, and tutoring.

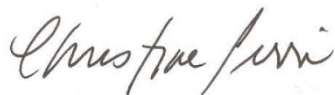

The Higher Education Center at National City is in a state-of-the-art facility. The Center includes 16 "smart" classrooms, a biology laboratory, medical assisting laboratory, 30-station open computer lab, a health services center, library and an 18-chair Dental Hygiene Clinic offering free cleanings to the college community.

The Center also includes the Plaza Building. The facility includes science labs for Anatomy, Physiology, Chemistry and Microbiology. Additionally, the Plaza Building houses our medical office profession program's medical clinic and multi-use community room.

Thank you for your ongoing contributions to the Higher Education Center at National City and Southwestern College. May the Fall semester be a period of inspiration, discovery, and accomplishment for you and our entire academic community.

Wishing you a successful and fulfilling semester ahead!

Warm regards,

Christine Perri, RDH, MA

The History of the Higher Education Center

Established in 1961, Southwestern College (SWC) is the only institution of public Higher Education in the southern portion of San Diego County. The key component to the mission of SWC is providing access to quality education for all residents of its entire service area. With that in mind, the first education center was established in San Ysidro. The San Ysidro campus proved that satellite campuses are a vital part of providing access to education for South Bay residents.

In 1998 National City leaders requested the administrators of SWC and SDSU to explore the idea of offering courses in National City. From that meeting emerged what we fondly call the HEC, NC – The Higher Education Center at National City. The HEC, NC officially opened its doors for the Fall 1998 semester to 423 students!

Throughout the years, the Center has expanded to include the Dental Hygiene, Medical Laboratory Technician, Medical Assisting, and Optical Technician programs offered in state-of-the-art facilities. Most recently, we expanded access to higher education opportunities for students through our weekend college program, offering some of the most popular general education courses, career education programs, as well as a variety of fitness and enrichment classes.

The Higher Education Center prides itself on being able to provide an intellectually stimulating environment for our students, faculty, and staff where we work together to serve the educational needs of the South County community. As a valuable member of the SWC teaching faculty, your contribution to the learning experience of our students is of utmost importance.

The information contained in this abridged Faculty Guide has been developed to assist your orientation to Southwestern College and the Higher Education Center at National City. It is **not** a substitute for official college publications regarding policies and procedures. Therefore, you are strongly urged to read the ***Southwestern College Curriculum Faculty Handbook***, ***SCEA Contract***, and the ***College Catalog*** with special attention to attendance, grading and final examination policies and procedures.

Academic Accommodations

Providing Academic Adjustments for Students with Disabilities

Students with disabilities are assured equal access to educational institutions and all systems of communication under federal and State laws. Equal access for an individual with a disability is defined as the opportunity to obtain the same result, gain the same benefit or to reach the same level of achievement, in the most integrated setting appropriate to the person's needs. Equal access is achieved either by providing universal access, or by academic adjustments (accommodations). Academic adjustments or accommodations are modifications to the way instructional material is presented, learned, expressed and/or assessed. In post-secondary settings, academic adjustments or accommodations may not fundamentally alter the essential requirements of a course, program, certificate or degree (Section 504 of the Rehabilitation Act of 1973).

1. Verification. The student with a disability must provide written documentation of the disability for verification of the need for academic adjustments or accommodations. The student is responsible for requesting adjustments or accommodations in a timely fashion. Students submit their documentation to DSS or to the 504 Compliance Officer/Dean of Student Services. If the student prefers not to use DSS services, the 504 Compliance Officer/Dean of Student Services will address the issue of accommodations. Professors are not permitted to offer accommodations without authorization from DSS or the 504 Compliance Officer/Dean of Student Services. Accommodations will be recommended after disability verification has been received.
2. If the student does not have appropriate verification of disability, DSS will initiate an assessment to determine and document a disability if within the scope of assessment services provided by DSS and deemed necessary by a DSS professional.
3. The DSS professional, who meets the standards established by State regulations, will assess and document the extent and the effects of the current disability. Depending on the severity and educationally related functional limitations of the assessed disability, the DSS professional shall recommend accommodations immediately upon request of the student.
4. The student will submit to his/her instructors the authorized accommodations forms completed by the DSS professional.

5. Requests. Once the disability is verified, the student will complete the form to request accommodations every enrolled term. This form is completed each time a student is requesting accommodations and can be obtained in the DSS office, by email request at dss@swccd.edu, or at the Student Services counter at the Higher Education Centers in San Ysidro, Otay Mesa, or National City.
6. Student Enrollment and Requirements. Students must be currently enrolled in a credit or noncredit adult education course in order to request and receive academic adjustments. The following statement must be included on course syllabi and read during the first week of class: "Southwestern College recommends that students with disabilities or specific learning needs contact their professors during the first two weeks of class to discuss academic accommodations. If the student believes they may have a disability and would like more information, they are encouraged to contact Disability Support Services (DSS) at (619) 482-6512 (voice), (619) 207-4480 (video phone) or email at dss@swccd.edu. Alternate forms of this syllabus and other course materials are available upon request."

Other services the DDS Office provides include:

- Disability counseling
- Test proctoring
- Note-takers (when a volunteer from class cannot be found)
- Training in the use of adaptive computer hardware and software
- Testing for learning disabilities and speech/language disabilities
- Short term equipment loan
