c/o Mark Clausson
900 Otay Lakes Road
Chula Vista, CA 91910

Dear Mr. Clausson

Congratulations! The ASCE Awards Committee has made their selections for the 2015 Awards Program and your project has been selected for an award. The award ratings for this year are as follows:

- Project of the Year
- Outstanding Project

The committee is pleased to announce that **Southwestern College Field House and Football Fields** has been selected to receive the “**Outstanding Project**” in the **Sustainable Engineering Project** category as part of our Civil Engineering Project Awards program.

The Annual Awards Banquet will be held on Friday, May 15, 2015, at The Handlery Hotel (950 Hotel Circle North, San Diego, California 92109). A flyer outlining details of the Awards Banquet will be forwarded shortly via email. We encourage you to extend a personal invitation to the contractor and other participating firms on this project. We encourage recipients to bring display boards, which will be strategically placed at the Banquet for viewing by all those in attendance. Firms are to supply their own easels.

At the banquet, one plaque will be presented to **Southwestern College**, and one plaque to **Michael Baker International**. Additional plaques are available for other team members but will not be delivered until after the Event. To order additional plaques, complete the form that will be included in the email flyer and registration and mail the order along with your check to ASCE, Attention: Plaque orders, PO Box 16749, San Diego, CA 92176-6749.

Again, congratulations and we look forward to your participation. If you have questions concerning the award(s) please call the Association Manager, Betsy Brown at 619/255-8874.

Sincerely,

Mark Hill

Mark Hill, P.E., Awards Committee Chairman
