

SWC Educational and Facilities Master Planning

General Questions:

- 1.) List the discipline/programs covered by this department:
- 2.) By discipline, are these programs transferable, certificate, basic skills, non-credit, or special topics?
- 3.) *How does the faculty view the performance of their academic programs/discipline?*

Enrollments:

- 4.) Are enrollments growing, stable/average or declining (by discipline)?
 - a. Internal impacts on the program/discipline: Fiscal, space/facility, staffing, support programs, productivity, other:
 - b. External impacts: Fiscal/funding, population/demographic changes, community/economic, competing institutional of higher education, other:

Curriculum:

- 5.) *Looking 5, 10, 15 years into the future, what is the faculty's vision for their academic program / discipline? Address changes by 2015, 2020, & 2025.*
 - a. Do you foresee any major changes to your curriculum?
 - b. Do you plan on restructuring/refocusing your curriculum in the near future?
 - c. Impact of technology, delivery systems, "green issues", support labs, Student Success issues, student preparation, demonstration facilities, outdoor spaces?
- 6.) *Looking 5, 10, 15 years into the future, what does the faculty see as the curricular/program needs for their academic program / discipline?*
- 7.) Does your disciplines/programs require any specialized support services (counseling, DSPS, Financial aid, tutoring, etc.)? Do these support services need to be proximate to your instructional programs?

Faculty / Staff Training:

- 8.) *What training issues and/or needs have been identified by the discipline faculty.*

Student Learning:

- 9.) *What student learning issues have been identified by the discipline faculty as impacting the academic success of students majoring in their academic program / discipline? What solutions have been identified by the discipline faculty to mitigate these issues?*

Human Resource Staffing:

- 10.) What additional faculty needs to you currently have?
- 11.) What additional support staffing needs do you have?

Centers and Offsite Facilities:

- 12.) At what locations have you been providing educational services? From your perspective, have these been successful offerings?
 - a. If yes, why?
 - b. If no, why?
- 13.) Which of your programs and or services do you believe would add to the district's educational plan if more opportunities were placed in these local areas?
- 14.) Are you willing to participate in discussions of curriculum to be added to the Otay Mesa, San Ysidro and National City Centers?
- 15.) Are your programs currently centralized into one campus domain? Is it appropriate and/or necessary that your instructional offerings be centralized?

Facilities:

- 16.) A significant amount of facilities planning has already been completed. Are your disciplines/programs addressed in projected new and/or remodeled space at this time?
 - a. If yes:
 - i. Which ones?
 - ii. Did you participate in the development of the new facility needs and/or remodeling projects? Has anything you know of been omitted from the project? At this time, do you assume that your instructional needs will be met by the new structure/design?
 - b. If no:
 - i. From a facilities perspective, what are the current instructional needs for your department?
 - ii. What additional facilities and resources will be needed to support your instructional programs?
- 17.) *Looking 5, 10, 15 years into the future, what does the faculty see as the facilities needs for their academic program / discipline?*

Note: Please attach the above as an addendum to the program review submitted in 2012-13
