

# Career Planning Research

Name: \_\_\_\_\_

Students will identify, search through, and analyze information about a specific career of interest and then develop appropriate plans to obtain that career.

1. My chosen career to research is: \_\_\_\_\_

## Step 1— I Know:

Before conducting any formal research, write a statement about what you already know, assume, or imagine being true about the career you have chosen.

I know that

Formulate a few essential questions you would like answered either from this presentation or through your research.

a. \_\_\_\_\_

b. \_\_\_\_\_

c. \_\_\_\_\_

d. \_\_\_\_\_

## Step 2— I Discovered:

After viewing this presentation and conducting your research, write a few statements comparing what you thought you knew with what you discovered.

### **Step 3— I Conclude:**

Write a conclusion answering your essential question asked in step 1.  
Write your feelings of how you feel now about this career.

I conclude

### **Step 4 —The Plan:**

What steps need to be taken now that I know more about this career?

What classes do I need to take to achieve this goal?

What schools or training facilities do I need to contact?

### **Important last steps – Be sure to find the following information:**

Job outlook & availability:

Salary range:

Other career options and related occupations:

Career responsibilities:
