

The Southwestern College Cares Grant was created by the Associated Student Organization (ASO) and the Southwestern College Foundation to provide assistance to students at risk of dropping out of college due to **unexpected financial emergencies**. This assistance is intended to help students stay in school and meet their educational goals, ultimately securing a better financial future for themselves and their families.

All awards are contingent based on the availability of limited funds, provided by our generous donors. **The SWC Cares Grant cannot provide financial assistance for normal, everyday expenses that are ongoing and not the result of an emergency, regardless of financial need.**

Funds are limited and based on current funding availability. To ensure that the greatest number of students in need receive assistance, recipients may receive only one grant per household during their tenure at Southwestern College. SWC Cares Grants are not available during breaks between semesters.

There are a variety of resources available to a student in an emergency situation. Please first visit the Financial Aid Office or Counseling Office for more information on the types of services and resources that may be available. Please also check our SWC Cares webpage at www.swccd.edu/SWCCares
