  - Are you having difficulty or need help with the GI Bill? Click on this link for help: [https://gibill.custhelp.com/app/home](https://gibill.custhelp.com/app/home)

GET ADMITTED TO SWC

1. Submit an online application by visiting [www.swccd.edu](http://www.swccd.edu), click on “Admissions” then, “New Student” then simply follow the instructions provided. Please allow 24-48 hours to receive a student ID number. You will be notified of your status via email.

2. Determine your residency status. Effective Fall 2015 forward, nonresident tuition exemption shall be granted to students who qualify under Section 702 of the 2014 Veterans Access, Choice and Accountability (VACA) Act. For more information or for questions, please call Admissions & Records at 619.421.6700 x 5215 or 5216.

*Official transcripts may not be hand delivered – they must be mailed directly from the issuing college, university or agency.* After transcripts are received, please complete the online transcript evaluation form at [www.swccd.edu/transcripteval](http://www.swccd.edu/transcripteval) so that your transcripts can be evaluated and transfer credit posted to your record. This is not an automatic process, transcripts will not be evaluated until we receive your request!

Have your transcripts sent to:
Southwestern College

➤ GET CHECKED IN & ENROLLED

You are required to create a file by submitting the following documents to the Veteran’s Services Office (located on the 1st floor of the Cesar Chavez building at the Chula Vista campus):

1. **DD-214 or Notice of Basic Eligibility (NOBE) for Reservists (if applicable)**
2. Documentation of VA benefit eligibility (one of following items):
   a. Certificate of Eligibility (COE)
   b. eBenefits Education Enrollment Status or
   c. VA benefit application (VA Form 22-1990, 22-1990E, or 22-5490) or
   d. VA Form 22-1995 or 22-5495 (only if you’ve previously used your benefits at another institution)
3. **VA Form 22-1995 (Veterans) or 22-5495 (dependents), if not submitted as part of your benefit eligibility documentation. If submitted in addition to the above documents, you do not need to complete the financial information.** This document is used to determine your selected major.
4. Meet with the Veterans Counselor and create an **Abbreviated Education Plan.**

Schedule an appointment with a Veterans Counselor to develop a comprehensive **Student Education Plan (SEP).** Identify yourself as a student receiving VA benefits. Call 619.421.6700 x5240 for an appointment.

It is your responsibility to submit a copy of your comprehensive **Student Education Plan** to the Veterans Services Office within your first semester or an interruption/delay in VA educational benefits may occur.

Determine your enrollment date and enroll in classes. If you are currently in the military or were discharged within the last 15 years, you may be eligible for priority registration. Check with the Veterans Services Office for eligibility requirements and deadlines to submit required documentation. You may request priority registration status by submitting a copy of your DD-214 Member 4 or your active duty military ID card. You must complete matriculation (see above) to be eligible for priority registration.

Meet with a Veterans Counselor to create an **Abbreviated Education Plan.** All students using VA benefits (including dependents) should seek advisement at the Veterans Information Center, rather than at General/Transfer Counseling. To schedule an appointment, please call 619.421.6700 x 5240. Unofficial transcripts can be used for your **Abbreviated Education Plan** only.

Enroll in classes. Use the Southwestern College class schedule (available online) to determine class listings and availability. **Courses must apply toward completion of a degree or approved Certificate of Achievement program and the courses you select must be on your Student Education Plan/Abbreviated Education Plan to be approved/certified to the VA.** Refer to the Southwestern College Catalog for degree programs and required courses.

**Elective Courses:** Elective courses will not be certified to the VA until it is determined they are required for the stated major. Do not enroll in classes previously taken at another institution until transcript evaluation and a comprehensive Education Plan have been completed. If you are certified for a repeated course prior to transcript evaluation and comprehensive Student Education Plan development, the Veterans’ Services Office will adjust your certification and you will be responsible for any subsequent debts or repayment amounts to the VA.

All students, with the exception of Chapter 33 (Post 9/11) and Chapter 31 (VocRehab), must pay tuition and fees at the time of registration.
1. Chapters 30, 35, 1606, and 1607 - Students receiving benefits under these chapters are required to pay within five days of enrollment. Failure to pay will result in your courses being dropped. You must still complete a Course Declaration to be certified for your enrollment.

Post 9/11 and Residency: Be advised that the VA does NOT pay nonresident tuition. If you are not initially classified as a California resident you should contact Admissions & Records and let them know that you are receiving benefits. The newly passed Section 702 of the VACA permits California Community Colleges to exempt nonresident students who are receiving benefits and who meet certain criteria from the nonresident tuition fee. For those assessed nonresident fees who do not meet VACA criteria, you may submit a California Tuition Waiver for Veterans and Dependents.

GET PROCESSED TO RECEIVE YOUR BENEFITS

After the appropriate VA application is completed, the veteran will receive a COE (Certificate of Eligibility) which outlines the percentage of benefits that will be received and the number of months associated with the benefit. It is the responsibility of the veteran and or dependent to bring this document, along with other supporting documents (i.e. DD-214 Member 4 and information sheet) to the Veterans Services Office so that a student file may be created.

Complete the online Enrollment Declaration Form at www.swccd.edu/veterans, then click on “term Declaration”. This can be done PRIOR to enrolling in a course but must be done immediately following course enrollment. Therefore we recommended that you complete this requirement as soon as possible. Be sure to fill the form out correctly and be sure you identify the correct term for which you are requesting benefits.

*** NOTE***

If you decide to take courses but you do not wish to utilize your benefits, you must complete a non-declaration of benefits form.

In order to receive VA educational benefits after your first semester, you must have a Comprehensive Student Education Plan (SEP) on file that leads to an Associate Degree, a Certificate of Achievement, or transfer program approved by the state of California State Approving Agency/VA. If this is your first semester at Southwestern College, you must meet with a Veterans Counselor before the end of your first semester to receive a Comprehensive Student Education Plan (SEP).

*** The online declaration form must be completed at the beginning of each term you intend to use your Veterans benefits! ***

STUDENT RESPONSIBILITIES

Comprehensive Student Education Plan
- You must have a comprehensive Student Education Plan (SEP) on file by the end of your first semester or an interruption in VA educational benefits may occur.
- You are required to notify the Veterans Services Office if you change your major. A new comprehensive SEP must be developed by a Veterans Counselor and immediately submitted to the Veterans Services Office. Important – changing your major can impact your eligibility for benefits, since you may only receive payment for classes required to complete your declared major.

Prior Credit
- VA regulations require that all previous education be reported including: prior colleges/universities, CLEP, DANTES, AP and IB test scores, as well as all military coursework (JST, SMART).
- If it is determined a course(s) or course equivalent taken at another institution was successfully completed, the course(s) will not be paid for by the VA if repeated at SWC.
- It is your responsibility to ensure that all official transcripts are on file with the college as soon as possible, no later than the end of your first semester. After transcripts are received, please notify us via swcveterans@swccd.edu to so that we can begin the evaluation process.

Course Selection
- All courses are subject to approval and must meet prerequisite or course requirements as listed on your Student Education Plan (SEP).
- Courses not meeting the requirements of your SEP will be denied and will not be included toward your rate of pursuit/training time calculated for awarding monthly education benefits.
- Failure to take the proper courses may result in an overpayment and reduction or termination of benefits and you assume full liability for any overpayment of all VA educational benefits.

Course Declaration
- Each semester, you are required to report your enrollment by completing the online Benefit Declaration Form at www.swccd.edu/veterans. Failure to complete this form will result in a delay in the processing of your VA benefits. Courses will not be submitted to the VA for processing if you do not submit a Benefit Declaration.
- If using the Post 9/11 GI Bill, your Benefit Declaration Form must be completed the same day as enrollment to give adequate time to flag your account to avoid being dropped for non-payment.

Overpayments and Underpayments
- All adds, drops, and withdrawals must be reported to the Veterans’ Services Office. This may be done via email, phone call, or in person. Changes may result in an overpayment or underpayment of monthly benefit payment. Remember, you assume full liability for any overpayment of VA education benefits.
- You MUST attend class and participate (both on campus and online) or it may result in an instructor withdrawal and a subsequent adjustment to your original enrollment certification. The adjustment can result in a student debt to the VA, including any accruing interest until the debt has been resolved.
- Educational benefits will be discontinued if you cease to make satisfactory progress toward completion of your training objective. Lack of satisfactory progress occurs immediately after two consecutive semesters of probation. Education benefits at Southwestern College will not resume until you are in ‘Good Standing.’
COURSE SELECTION AND APPROVAL

⚠️ Only courses that apply toward completion of your declared major at Southwestern College can be certified and submitted to the VA to receive educational benefits.

Courses Approved for Payment by the VA

- Courses required for your major and general education requirements.
- Electives as needed to meet the overall unit requirement for program completion.
- Required prerequisite courses (recommended courses are not the same as required courses).
- Remedial courses (English or math), if applicable per assessment results. These must be taken on campus (not online or hybrid) to be certifiable.
- Some repeat courses (courses in which a ‘C’ or better grade is required for graduation). There are college restrictions on allowable repeats. See the Southwestern College Catalog for further details.

Courses Not Approved for Payment by the VA

- Electives in excess of the overall unit requirement for program completion.
- Recommended courses (VA pays for required courses, not recommended courses).

- Repeat courses (any class you have previously taken and received a passing grade). Remember, a grade of ‘D’ is considered passing, except for courses in which a grade of ‘C’ or better is required for graduation.
- Online remedial courses (English or math).

Dropping or Adding Classes, Withdrawals

The Veterans’ Services Office must report unit changes immediately to the VA. Student enrollment is monitored closely and changes in enrollment reported weekly.

⚠️ Important! Adding, dropping or withdrawing from classes can affect your eligibility and compensation.
**GUEST STUDENTS**

If you are pursuing your degree at another college or university, but wish to take a course (or courses) at SWC, you are considered a **Guest Student**. The school that will grant your degree is your primary or parent school. All other schools are considered secondary. VA can pay benefits for courses taken at secondary schools, as long as the course applies to your specified degree/certificate program at your primary school.

To request certification as a Guest Student:
1. Complete an online Course Declaration after course enrollment. This form is available in the SWC Veterans Services Office. Be sure to identify yourself as a Guest Student.
2. Contact the Veterans Affairs Office at your primary school for their policies and procedures. Southwestern must receive a **Parent School Letter** from your primary school **prior** to certification of any coursework.
3. You will be certified **only** for the exact courses) on the Parent Letter from your parent school. No exceptions.

Contact the Veterans Affairs Office of your primary school for further questions.

**PARENT SCHOOL LETTERS**

If Southwestern is your primary school and you wish to take a course (or courses) required to complete your program of study at another school, you’ll need to request a **Parent School Letter**. VA can pay benefits for courses taken at secondary schools, as long as the course applies to your declared and approved SWC academic program at your primary school.

1. Submit an online course declaration for the appropriate term, if enrolled at both SWC and the secondary school for the intended term.
2. Complete a **Request for Parent School Letter** at the Veterans’ Services Office.
   - Include:
     a. Proof of enrollment (Ex. Enrollment Summary):
     b. Course Information (subject and course number)
     c. Course Schedule (start and end dates)
     d. Contact information for the secondary School Certifying Official
     e. Copy of the course description from the secondary college’s catalog
3. **If the course is determined to be equivalent and applicable to your Southwestern degree/certificate program**, a Parent School Letter will be sent to your secondary school and a copy sent to you.
4. Contact the Veterans Affairs Office at your secondary school for their policies and procedures. You may be required to submit additional documentation to their office and processing times may vary.
5. If the start/end dates for your secondary school course differ from your primary school enrollment dates, rate of pursuit/training time may be affected.
6. Upon completion of approved course(s), you are **required** to submit official transcripts no later than **one month after the completion of the semester/session** to:

   Southwestern College
   Admissions & Records
   900 Otay Lakes Road
   Chula Vista, CA 91910

**Important:** Failure to submit transcripts from your secondary school will result in the delay of future enrollment certifications for VA education benefits.
**RATE OF PURSUIT AND TRAINING TIME**

*Training time and rate of pursuit are provided for reference only. Variations in full-time equivalency may exist and only the Department of Veterans Affairs can make a final determination.*

**Training Time for Standard Semesters**

**Chapters 30, 31, 35, 1606, and 1607 Standard Semester**

In a **standard** semester (Spring and Fall), training time is measured as follows:

- 12 units = Full-time
- 9-11 units = ¾-time
- 6-8 units = ½-time
- 4-5 units = less than ½-time (<½-time)*
- 1-3 units = ¼-time or less (<¼-time)*

*Payment equals tuition and fees only

**Rate of Pursuit for Standard Semesters**

**Chapter 33 (Post 9/11 GI Bill) Standard Semester**

In a **standard** semester (Spring and Fall), rate of pursuit is measured as follows:

VA calculates rate of pursuit by dividing the number of units being pursued by the number of units considered to be full-time by the school. The resulting percentage is your rate of pursuit.

Examples: If full-time is considered 12 units, then rate of pursuit for:

- 6 units is 50% (6 ÷ 12 = 50%)
- 7 units is 60% (7 ÷ 12 = 58%)

**The housing allowance is paid only if the student’s rate of pursuit is more than 50%**.

Rate of pursuit determines whether a student receives or doesn’t receive the housing allowance. If pursuit is more than 50% the student receives the housing allowance. If the rate of pursuit is 50% or less, then the student doesn’t receive the housing allowance. Remember, the housing allowance is also prorated by the student's length of service percentage and rate of pursuit.

**Active duty personnel (including those on terminal leave) and their spouses utilizing transferred entitlements are not eligible for the housing allowance.**
Training Time for Summer Semesters

**Chapters 30, 31, 35, 1606 and 1607**

**Summer**

Summer training time is different from Spring and Fall. Training time is based on the number of weeks the class meets, as well as the number of units required for the course. Most (not all) summer classes are either six or eight weeks in length.

**6 Week Class**
4 units = Full-time  
3 units = ¾-time  
2 units = ½-time  
1 unit = less than ½ time (tuition and fees only for Chapters 30 & 35)

**8 Week Class**
6 units = Full-time  
5 units = ¾-time  
4 units = ¾-time  
3 units = ½-time  
2 units = less than ½ time (tuition and fees only for Chapters 30 & 35)

---

Rate of Pursuit for Summer Semesters

**Chapter 33 (Post 9/11 GI Bill)**

**Summer**

**6 Week Class**
4 units = Full-time

**8 Week Class**
6 units = Full-time

Please see the Veterans’ Services Office for information on training time for sessions shorter than six weeks or longer than eight weeks.

---

**NOTE ON TERM DATES**

Different beginning and ending dates are considered to be **separate** terms. Southwestern reports actual beginning dates, ending dates, and number of credits. The **DVA makes the determination of the conversion,** not the school.
## PAYMENT AND BENEFIT STATUS

### Paying tuition and fees
If using Chapter 30, 35, 1606, or 1607, you are responsible for your own tuition and fees, which are due upon registration. However, the Southwestern College Veteran’s Services Office offers an optional one-time only tuition deferment. This defers tuition only and is payable when you receive your first check from the VA. You are still responsible for all mandatory fees upon registration. See our office for details.

If you are Chapter 33 and a California resident, the VA will pay mandatory **in-state** fees based on your VA benefit percentage. If you are not initially classified as a California state resident, you should contact Admissions & Records and let them know that you are a Veteran, receiving benefits. The newly passed Section 702 of the VACA permits California Community Colleges to exempt non-resident students who are receiving benefits and who meet certain criteria from the non-resident tuition fee. An optional one-time only tuition deferment is available to assist with nonresident fees. See our office for further details.

### Processing time
Upon completing your initial application for VA educational benefits, processing can take up to 2-4 weeks. After SWC certifies your coursework, VA processing usually takes an additional 30 to 45 days. **During peak periods, such as the start of the semester, VA educational benefit paperwork may take longer for the school and VA to process.**

### Receiving payment
Once the VA processes your paperwork, you will receive monthly payments based upon your satisfactory attendance in classes. Payment is made directly to the student via direct deposit (see below). **Monthly payments are distributed by the VA at the beginning of each month, for the preceding month.** For example, you will receive payment at the beginning of October for course attendance in the month of September.

If using Chapter 30, 1606, or 1607, you MUST verify your enrollment the last day of each month, or after, to receive payment. This verification can be done either by using the Web Automated Verification of Enrollment (WAVE) application at [www.gibill.va.gov/wave](http://www.gibill.va.gov/wave) or by calling 1.877.823.2378. The only exception to monthly payment are the book and supplies stipends for Chapter 33, which are issued when your courses are certified.

### Direct Deposit
You may request direct deposit when you apply for benefits by either: 1) attaching a voided check to your application or 2) providing your financial information on the application. You may also establish direct deposit by calling the VA at 1.888.442.4551. Those using Chapter 30, 1606, or 1607 may complete this action using the Web Automated Verification of Enrollment (WAVE) at [www.gibill.va.gov/wave](http://www.gibill.va.gov/wave).

### Questions about your VA educational benefits payments?
The Veterans’ Services Office does not have access to individual payment information regarding education benefits. **Please contact the VA directly at 1.888.442.4551 for all pay status inquiries.**

CHAPTER 33 - POST 9/11 GI BILL

Transfer of Entitlement (TOE)
- The Post 9/11 GI Bill allows service members (officer or enlisted, active duty or Selected Reserve), on or after August 1, 2009, to transfer unused education benefits to immediate family members (spouse and/or children). The service member must have at least 6 years of service, and commit to an additional 4 years of service in order to transfer benefits to a spouse or child. Because of the potential impact of this benefit on recruiting and retention, transfer policy is determined by the Department of Defense (DoD) and the military services.

Benefits
- Post 9/11 GI Bill benefits may include in-state tuition and required fees, a monthly housing allowance, a stipend for books and supplies, and a possible "kicker" college fund payment (if eligible):
  - Effective August 1, 2010, the Post 9/11 GI Bill will no longer pay for nonresident tuition. If you are not initially classified as a California state resident you should contact Admissions & Records and let them know that you are receiving benefits. Section 702 of the VACA permits California Community Colleges to exempt non-resident students who are receiving benefits and who meet certain criteria from the non-resident tuition fee.
  - After VA payment is received for tuition and fees, any remaining balance will be your responsibility.
  - Students will only be certified for approved courses as identified on the Education Plan on file. For current payment rates, please visit http://www.gibill.va.gov/resources/benefitsresources/ratetables.html

Basic Allowance for Housing (BAH)
- A monthly housing allowance is paid directly to the student at the beginning of each month for the previous month's enrollment. The housing allowance is prorated by the student's length of service and rate of pursuit.
- To be eligible for the monthly housing allowance, rate of pursuit must be greater than 50%.
- Active duty members and their spouses are not eligible for the housing allowance.
- The monthly housing allowance is equal to the Department of Defense Basic Allowance for Housing (BAH) for an "E-5 with dependents" and the zip code of the main campus (91910). To view the current BAH rate, please visit http://www.defensetravel.dod.mil/site/bahCalc.cfm

Distance Learning and BAH
Students enrolled exclusively in distance learning (online courses) are eligible for monthly housing allowance equal to 50% of the national BAH average and your rate of pursuit. If a student's enrollment is a combination of distance learning and on-campus courses, and the rate of pursuit is greater than 50%, you may be eligible to receive the local (91910) BAH rate.

CAL-VET TUITION FEE WAIVER FOR VETERAN DEPENDENTS

Qualifying students are eligible for a waiver of mandatory tuition and fees at any State of California Community College, California State University, or University of California campus. All students must meet California residency requirements and required to reapply for the benefits each year prior to the beginning of the academic year.

PLAN A

The spouse, child, unmarried surviving spouse, or California certified registered domestic partner of a Veteran who is totally service-connected disabled or who has died of service-related causes, may qualify. A dependent of any veteran who has been declared missing in action, captured in the line of duty by hostile forces, or forcibly detained or interned in the line of duty by a foreign government or power is also eligible. The veteran must have served during a period of war declared by Congress, or been awarded a campaign or expeditionary Medal. This program does not have an income limit. A child must be under 27 years of age to receive the fee waiver benefit. The age limit is extended to 30 years of age if the child is also a veteran. There is no age limit for a spouse, surviving spouse or California certified registered domestic partner. A dependent cannot receive this benefit (Plan A) if they are already receiving VA Chapter 35 benefits.

PLAN B

The child of a Veteran who has a service-connected disability, or had a service-connected disability at the time of death, or died of service-related causes is eligible. The child’s annual income, which includes the child’s adjusted gross income, plus the value of support provided by a parent, may not exceed the annual income limit. The current academic year entitlement is based upon the previous calendar year’s annual income. Under Plan B, wartime service is not required and there are no specific age requirements. Children are the only dependents eligible under this plan. There is no prohibition against receiving concurrent VA Chapter 35 benefits.

PLAN C

Any dependent of any member of the California National Guard, who in the line of duty while on active service to the state, was killed, died of a disability resulting from an event that occurred while in active service to the state, or is permanently disabled as a result of an event that occurred while in the service to the state is eligible. Surviving spouses or registered domestic partners who have not remarried are also eligible.

- "Active service to the state," for the purpose of this benefit, means a member of the California National Guard activated pursuant to Section 146 of the Military and Veterans Code. A copy of those orders pursuant to Section 146, not Section 143, must be furnished to establish eligibility.

PLAN D

Medal of Honor recipients and children of Medal of Honor recipients under the age of 27 may qualify. Benefits under Plan D are limited to undergraduate studies only, and applicants are subject to both income and age restrictions. There is no prohibition against receiving concurrent VA Chapter 35 benefits.

Cal-Vet Application Process

- Contact your local County Veterans Service Office or go to www.cacvso.org to obtain an application. Certain dependency documents may be required to establish your relationship with the veteran.
- Once complete, submit your application to your local County Veterans Service Office (CVSO) for processing.
- We recommend that you also apply for the BOG Fee Waiver, then print the confirmation page and submit it to the Veterans Services Office with the CalVet approval letter for processing. BOGFW may afford you more benefits than the Cal Vet Waiver.

FREQUENTLY ASKED QUESTIONS

Why must I complete all of this paperwork?
Required documentation establishes your education file at Southwestern as well as your VA file in Muskogee, OK and allows us to certify your benefits. Once your file is created, you will typically only need to use the online Course Declaration form each semester to continue benefits. If you change your major, or complete coursework at another college, additional documents will be required.

Who should I notify if I move or change my contact information?
If you change your mailing address, telephone number, or e-mail address, you must update your information on your WebAdvisor Account and update the VA at 1.888.442.4551. Those using Chapter 30, 1606, or 1607 may notify the VA of their address change via WAVE at www.gibill.va.gov/wave.

Why do I have to declare a major?
The VA requires you to declare an objective (major) or goal, so that we can ensure the coursework you are completing will support the completion of your academic objective. At SWC, options include an Associate’s Degree (A.A or A.S.), Transfer Degree, or approved Certificate of Achievement as listed in the catalog. If your declared major does not match the major on your SEP, certification will be put on hold until the conflict is resolved.

Can I have more than one major at a time?
Yes, you may pursue up to 2 majors concurrently, as long as they lead to one educational objective. Your dual major must be reviewed and approved by a counselor and you must have a SEP on file for both.

Why must I have a Student Education Plan (SEP)?
The VA requires all benefit recipients to have a Student Education Plan which lists courses are approved toward their program. If you change your major, you MUST see a Veterans Counselor to have your SEP updated so you know the required coursework to complete your new program. A copy of your updated SEP must be submitted the new plan to the Veterans’ Services Office upon completion.

Can I get a certificate instead of an AA or AS?
Yes, as long as it is an approved certificate program. Certificates of Achievement are the only approved certificate programs at Southwestern College. Certificates of Proficiency are not approved for VA benefits.

Why do I have to provide transcripts from the military and/or previous institutions?
All prior credit must be reported to the VA. If you have completed coursework at any other college or institution, including military training, you have one semester in which to have official transcripts sent to Southwestern College for evaluation. The arrangements for obtaining official transcripts are your responsibility, not the responsibility of the Veterans’ Services Office. In the event that transcripts for all prior coursework are not received by Southwestern College within one semester, the college will withhold certification until all transcripts are on file.

Why am I not getting paid for all of my current classes?
Only major classes, general education requirements, or electives (as needed), are payable classes. An exception to this would be required prerequisite classes and remedial level English or math classes, which are shown to be needed through assessment testing. Remember, remedial courses (MATH 20 and ENGL 49) must be taken on campus to be certifiable. Repeat classes (any class you have previously taken with a passing grade) or a class outside of your major are not payable.

Why did I receive approximately half the amount of money I normally get?
Have you dropped classes? Are you in a short session class which ended before the end of the rest of the semester? Could an instructor have dropped you for non-attendance? These are a few reasons that could impact pay. First, check your enrollment. You may also contact our office to request a file review.
I dropped a class. What should I do?
We monitor enrollment changes but also appreciate it you phone, email, or stop by the Veterans’ Services Office to let us know. We will adjust your units as appropriate and submit any changes to the VA. If you are using Chapter 30, 1606, or 1607, you also need to notify the VA during your monthly self-verification via the Web Automated Verification of Enrollment (WAVE).

Are online classes payable?
Yes, if they are required for your major, with one major exception: remedial courses must be taken on campus (MATH 45 and ENGL 114) to be certifiable. The VA does not pay for online or hybrid remedial coursework. If you are a Post 9/11 GI Bill (Chapter 33) recipient, your rate of pursuit must be greater than 50% to receive your monthly housing allowance. To receive the local (91910) housing rate, at least one course must be on campus. For those enrolled solely in distance learning, the housing allowance payable is equal to half the national average BAH for an E-5 with dependents. Remember, most hybrid courses (courses taught partially on campus and partially online) are considered as ‘Distance Learning’ (online) according to VA guidelines.

It’s been six weeks; what steps should I take to inquire about the status of my payment?
Depending on the backlog at the VA Regional Office in Muskogee OK, six weeks may be a reasonable amount of time for processing. Check with our office to initiate a file review or contact the VA directly at 1.888.442.4551.

Can I also apply for financial aid?
Yes, we encourage you to do so. VA educational benefits do not count as income when determining your eligibility for federal financial aid. For more information, please contact the Financial Aid Office by email at financialaid@swccd.edu or on the web at http://www.swccd.edu/index.aspx?page=1282

I’m not a veteran but am using VA benefits. Do I still have to meet with a Veterans Counselor for development of my Student Education Plan (SEP)?
Yes, all students receiving VA benefits should develop their SEP with a Veterans Counselor. The Counseling Office is located on the second floor of the Cesar Chavez building (1400) at the Chula Vista campus and appointments can be made by phone at 619-757-2121, x6981. Identify yourself as a student receiving VA benefits. Remember to provide the Veterans’ Services Office, with a copy of your SEP when complete.

I’m using the Post 9/11 GI Bill. What costs might I be accountable for?
Based on your eligibility percentage, the VA will pay for required courses. For example, if you are 100% eligible and taking all required courses, the VA should cover 100% of your tuition and mandatory fees (health fee, student center fee, and certain class fees) as long as you still have benefits remaining and have not reached your delimiting date. However, if you’re only 70% eligible, then the VA will only pay 70% of those costs, leaving you to pay the remaining 30%. Regardless of your eligibility percentage, the VA will never pay for courses that are not required; any course that is not required will be the financial responsibility of the student.

Nonresident fees are also the responsibility of the student. The newly passed Section 702 of the VACA permits California Community Colleges to exempt non-resident students who are receiving benefits and who meet certain criteria from the non-resident tuition fee. You are also responsible for certain optional fees, such as the cost of your parking pass and Student I.D. card.

What is Round Out?
In your last term, you can round out your schedule with non-required courses to bring your course load up to a full-time schedule. This allows you to continue receiving benefits at the full-time rate in the last term of enrollment, even though fewer credits are required to complete your program. This procedure can only be done once per program. In rounding out a full-time schedule, you may use any credit hour subject, including a subject that has previously been successfully completed (received a passing grade). See a Veterans Counselor to request Round Out approval. Once approved the Veteran’s counselor will alert Certifying Officials for certification of benefits.

Appendix I

STUDENT VETERAN CONTRACT

In order for Veterans Services to service your federally-legislated educational benefit properly, it is critical that you follow these mandatory steps as outlined and that you understand your rights and obligations.

Failure to do so will delay or deny your educational payments.

1. Communication. I will read and comply with all communications from Veterans Services regarding my benefit claims, including phone calls and emails. I will check my Southwestern College email account regularly and respond promptly to all requests. I agree to keep Veterans Services (and SWC) informed of my current telephone number, email address, and street address. (               ) initial here

2. Mandatory Placement and Counseling. The DVA will only pay for courses that apply directly to your stated educational objective. It is your responsibility to ensure that you only take required courses: you are financially responsible for any courses that are determined not to be within your degree/certificate program. The DVA will not pay for classes for which you have tested out of or previously received credit. In order to ensure that you have the most up-to-date list of required courses, you must complete the following:
   a. Benefit Documentation. You must meet with Veterans Services to begin your processing immediately upon registering. You must provide your Certificate of Eligibility (COE) from the DVA (or completed and submitted VA-Form 1990) and the Member-4 copy of your DD-214 (if you are no longer on active duty). Dependents need only bring the COE. (               ) initial here
   b. Transcripts. You must request that official transcripts from all other colleges or universities of attendance be mailed directly to SWC at the address listed on the Veterans Checklist. You are also required to submit your SMART/JST transcript directly to the school through the JST website (https://jst.doded.mil/smart). Your prior college academic transcript(s) MUST be on file with Admissions before we can process any benefit claim. (               ) initial here
   c. Placement Tests. You must take the math, reading, and English placement examinations to determine which level of courses are required for your degree prior to enrolling in your English, math, or reading classes. Visit or call (619-421-6700 x6385) the Assessment Center in the Cesar Chavez Student Services Center for an appointment. Ensure you inform the clerk if you are a transfer student. (               ) initial here
   d. Student Education Plan (SEP). Once transcripts have been received and evaluated, and placement tests completed, you must schedule an appointment with the Counseling Center at the Cesar Chavez Student Services Center (619) 421-6700, Ext. 5240 or 5241 to develop your Student Education Plan. Please be sure to ask to meet with the Veterans counselor. If you have any prior units completed, you must present your SEP to Veterans Services prior to your initial benefit processing. If you are a first-time college student, you MUST provide Veterans Services a copy of your SEP prior to the start of your second term. Note: you are authorized by the DVA to change your degree program if you later determine your first choice was inappropriate. The DVA also allows you to pursue dual degrees (leading to a single educational objective) with counselor approval. Copies of any changed/new SEPs must be given to Southwestern College Veterans Services Office immediately. (               ) initial here

3. Class Declaration. Continuation of benefits from term-to-term is not automatic. You are responsible for informing Veterans Services of the classes you initially register for, any added or dropped classes, and any other changes in your class load. All veterans must declare their intention to use veterans benefits each semester via the online form at www.swccd.edu/veterans, under “Term Declaration”. The declaration can be made as soon as you have registered for classes. Failure to do so will delay receipt of education benefits and Chapter 33 students may be dropped from classes for non-payment. (               ) initial here

4. Overpayments. Chapter 33 eligible veterans who experience changes in their class load may generate an overpayment to the College. These “refund” checks from the College should not be automatically considered additional benefits. The DVA may seek repayment of these funds from YOU, the veteran. Hold any such “refunds” for at least two months while the DVA re-adjudicates your record. For rapid determination of account status, you may call the DVA directly at 1-800-827-1000. (               ) initial here

I have read and received a copy of this document and have received a copy of the SWC College Catalog and/or Student Veteran Handbook. I agree to abide by all applicable rules and regulations.
