

# VA San Diego Healthcare System Resource Guide

## VA HEALTHCARE

### Basic Eligibility Requirements for VA Healthcare:

- Verified active duty military service
- Separation status of under Honorable or General Under Honorable conditions
- 24 months of continuous service after September 7<sup>th</sup>, 1980 (min. service requirement of 90-days prior to this date)

The VA encourages all Veterans to apply for healthcare benefits so that enrollment eligibility can be determined on an individual basis, as there are a number of exceptions to the basic requirements.

A Veteran with an Other Than Honorable (OTH) or Bad Conduct Discharge (BCD) along with a verified Service Connected condition may be eligible for VA healthcare strictly to treat that condition OR a request can be made through the Veterans Benefits Administration (VBA) to make an administrative decision about the character of service to determine eligibility (See VBA section below for details).

**OEF/OIF/OND:** Veterans can receive cost free medical care for any condition related to service in the Iraq/Afghanistan theater for five years after the date of discharge or release.
