EXHIBIT 1: Workforce Utilization Reports (per Project)

1 Introduction

Effective December 12, 2013, the Southwestern Community College District (District) passed the Community Benefits Agreement (CBA) for construction and major rehabilitation projects funded by Proposition R. It is the explicit understanding and intention of the Parties to the CBA to use opportunities provided by the extensive amount of Project work to identify and promote the interest and involvement of District residents in the construction industry, such as assisting residents in entering the construction trades and through utilization of the apprenticeship programs, providing training opportunities for those residents and other individuals wishing to pursue a career in construction. Furthermore, the Parties to the CBA also understand that the District seeks to place a strong emphasis on the utilization of local small business enterprises on the Project work, whereby each Party shall employ demonstrable efforts to encourage utilization in effort to achieve such goals.

Casamar Group LLC. entered into a contract with the District to monitor and enforce contractor's compliance with the State prevailing wage and Community Benefits Agreement (CBA) requirements. As an extension to the Southwestern Bond Program Management Team, Casamar Group, LLC. has prepared this quarterly compliance report based upon the CBA-applicable project contractor's meeting the contract's CBA established goals and requirements for all projects that have been subject to the CBA to-date.

2 CBA GOALS

LOCAL HIRE GOAL - EMPLOYMENT OF DISTRICT RESIDENTS (CBA §5.5)

In recognition of the Southwestern College's mission to serve the community, the Unions and contractors have agreed, by having executed the Letter of Assent and/or being signatory to the CBA, that District residents shall be *first* referred for any work associated with journeyperson, apprentice, or other positions for utilization on SWC construction project work.

CBA GOAL:

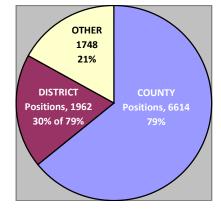

- IT IS THE PARTIES GOAL THAT NINETY (90%) PERCENT OF THE POSITIONS FOR PROJECT WORK FOR A PARTICULAR CONTRACTOR (INCLUDING THE CONTRACTOR'S "CORE EMPLOYEES") BY CRAFT, HAVE BEEN FILLED WITH RESIDENTS OF SAN DIEGO COUNTY
- OF THE 90%, THIRTY-FIVE (35%) PERCENT SHOULD BE RESIDENTS WITHIN THE DISTRICT (DETERMINED BY COUNTY AND DISTRICT ZIP CODES)

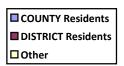

In effort to meet the local hire initiative, the Program Management Team and its Project Labor Coordinator work with the Unions and contractors to ensure local District and County residents are utilized upon construction project work. In turn, contractors have evidenced cooperation by utilizing and requesting the dispatch of local residents onto District projects. Based on the District project contractor's submittal of certified payroll records, the number of local residents working on District projects has been assessed for all work on each Project subject to the requirements contained in the CBA.

2.1.1 Local Worker Utilization (Overall)

The most recent Prop R Projects¹ have created 8362 construction-related positions. Of these positions, 6614 were filled by San Diego County residents & 1962 positions were filled by SWC-District residents.

- San Diego County: 6614 of 8362 available positions filled by County residents (79%)
- SWC District: 1962 of the 6614 County positions filled by District residents (30%)

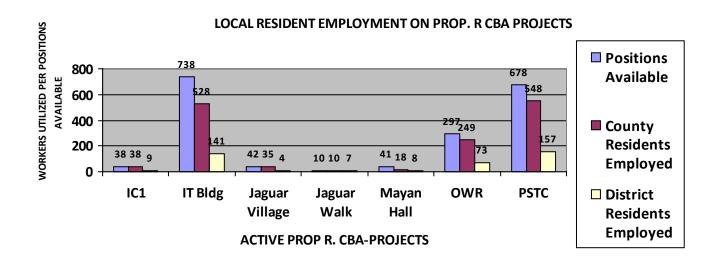

^{1 &}quot;

¹ "The most recent CBA" projects include positions from the following: Campus Wayfinding; Instructional Complex 1; IT Building; Landscape Nursery Tech; Mayan Hall Demolition; Operations Warehouse Relocation, Otay Mesa Parking Lot; Performing Arts & Cultural Center; Public Safety Training Center, and PV Relocation. Former projects included in above statistic are: Blue Light, Building 300 Demo; Central Plant Electrical Infrastructure; Electrical Distribution 1617-230; Emergency Generators; Fire Alarm Network Integration; Math Science Engineering; National City HEC; Pipe Loop; Security Complex, Utility Infrastructure & Hydro Pipe 1617-2022R; Wellness & Aquatics Center; Wireless Upgrades.

Attached herein as "Exhibit 1" are the "Workforce Utilization Reports" for each of the active projects in construction subject to the CBA requirements during the 3rd quarter of 2022. Exhibit 1 will illustrate which contractors contributed to meeting the CBA local resident employment goal. Tables 1.1 through 1.5 (below) are excerpts of the Workforce Utilization Report's sub-total data figures, which demonstrate how each of the bid package/contracts fared against each other.

2.1.6 Union Referrals/Local Worker Utilization (by Craft)

Article 5 of the CBA stipulates that the Unions will exert their best efforts to refer sufficient number of skilled craft workers to fulfill the labor requirements of the contractors and identify individuals, particularly residents of the District, for employment on District project work. The data below demonstrates how each craft (i.e. Union) fared against each other with respect to contractor's utilization of local workers upon District Prop. R work. The following stipulations were applied to the data analysis:

- The sum of all positions, per craft, was used as the basis for dividing the number of local County & District worker to derive the percentages reported below
- Based on Certified Payroll Reporting and Union dispatch slips, the CBA Administrator calculated the number of workers deemed residents of the "County" and "District's Zip Code perimeter" for each contractor working upon each project / individual bid packages
- Data was evaluated from September 2014 through September 2022 (NOTE: Not all CPRs for the final weeks of September 2022 have been submitted by the contractors by the time this report was generated, thus the data represents best-available statistics)

OF THE UNIONS PROVIDING WORKERS FOR PROP. R PROJECTS (LISTED BELOW):

- 56% have met or are within 10% points of meeting the County-resident utilization goal
- 56% have met or are within 10% points of meeting the District-resident utilization goal

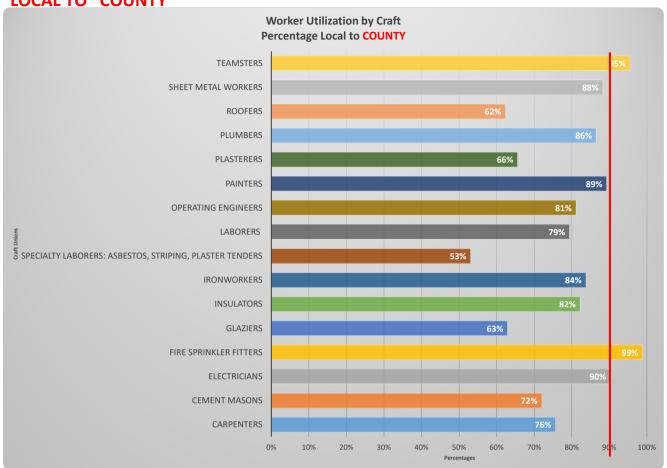

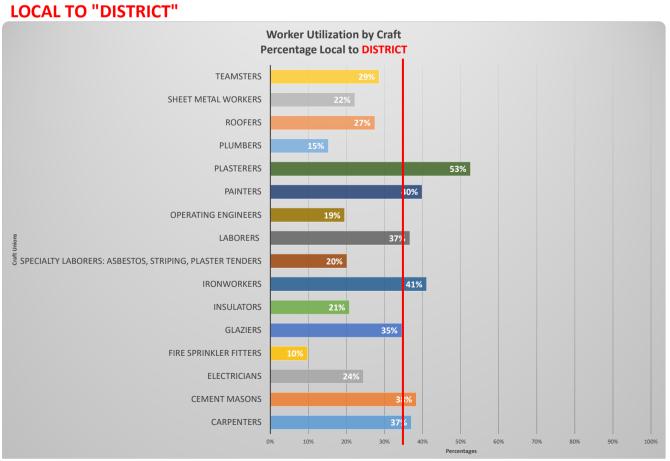

LOCAL WORKER UTILIZATION AMONGST ALL PROP R. / CBA-APPLICABLE PROJECTS (AS-OF SEPTEMBER 30, 2022)

APPRENTICESHIP UTILIZATION / TRAINING & EMPLOYMENT OF DISTRICT RESIDENTS (CBA §16.1)

In recognition of the Southwestern College's mission to maintain continuing support of the programs designed to develop an adequate number of competent workers in the construction industry, the obligation to capitalize on the availability of the local work force in the area served by the District, and the opportunities to provide continuing work under the construction program funded by Proposition R. To these ends, the District, the CBA's Project Labor Coordinator, other District consultants, the contractors and the Unions signatory to the CBA, will work cooperatively to identify or establish and maintain effective programs and procedures for persons interested in entry into apprenticeship training programs.

CBA GOALS:

- The Unions agree to cooperate with the Contractor in furnishing apprentices as requested up to the maximum percentage. The apprentice ratio for each craft shall comply, at minimum, with the applicable provisions of Labor Code 1777.5 (20% of total journeyman (straight-time) hours per craft, unless exemption is granted)
- Train & employ District residents as it relates to apprenticeship training/utilization

Below is a summary of the contractor's compliance with minimum State apprenticeship utilization ratios to-date upon ACTIVE Prop R projects for all contractors/crafts that do not fall into an apprenticeship exemption category; any contractors who are currently not meeting the State's minimum 20% ratio have been advised by the CBA's Project Labor Coordinator of their apprenticeship obligations to be met prior to their completion of project work, which is promulgated by Labor Code §1777.5.

PREVAILING WAGE / LABOR COMPLIANCE

Pursuant to California Labor Code 1771 all workers employed on public works projects shall be paid a prevailing wage determined by the California Department of Industrial Relations (DIR). As an extension to the SWC Bond Program Management Team, Casamar Group LLC provides support services for the monitoring and enforcement of contractor's compliance with the prevailing wage laws of the State of California for work on Prop. R projects.

Below is a summary of each General Contractor's compliance with submittal of payroll and related documentation, for its own firm and that of its subcontractors, which validates contractor's meeting of the public works labor compliance requirements. Further detail on each contractor's level of compliance may be found in Document Tracking Logs for each project, which may be provided upon request.
