Awards, Allocations and Funding
Advancement & Community Engagement

Southwestern Community College District

Institutional Mission Statement

Southwestern Community College District is the premier public institution of higher education in Southern San Diego County that serves a diverse community of students by providing quality academic programs, comprehensive student support services that ensure equitable access and clear pathways to student success.

Southwestern Community College District promotes learning and success to prepare students to become critical thinkers and engaged life-long learners/global citizens. The District is committed to continuous improvements through the use of data-informed planning, implementation, and evaluation.

Southwestern Community College District utilizes a variety of instructional modalities to provide educational and career opportunities in the following areas: Associate degree and certificate programs, transfer, professional, technical and career advancement, foundational skills, personal enrichment, and continuing education.

Vision Statement

Southwestern College is the leader in equitable education that transforms the lives of students and communities.

Grants Office Mission Statement

Southwestern College's Grants Office, in alignment with the SWC Foundation and the overall mission of the College, is dedicated to supporting institutional standards of excellence in proposal development that result in securing and maintaining external funding to support innovative educational programs and services.

Grants Office Role and Responsibilities

The Grants Office partners with faculty and staff at Southwestern College in obtaining grant funding for projects that further the mission of the district. The Grants Office is the authorized institutional representative for the submission, coordination, negotiation, and monitoring of grants with external funding sources. It is the central office through which all grants are submitted on behalf of the district. The Grants Office is responsible for submitting, accepting, processing the contracts for, and ensuring the reporting is completed for all grants in the district. The services we provide include:

- Researching grant opportunities
- Disseminating information regarding grant opportunities
- Proposal narrative writing
- Budget development and preparation
- Technical assistance
- Concept development
- Contract processing
- Grant progress reporting
- Serving as a liaison with the Institutional Research department for gathering of data and statistics
- Training for faculty and staff regarding grant writing
- Cultivating internal and external partnerships

We look forward to working in partnership with you to pursue grant opportunities that support our educational programs and services.

SWC Grants Annual Report - Fiscal Year 2025-2026

2025-2026 SNAPSHOT

Grant Awards:

\$10.6 Million

Grants Funded:

32

Introduction:

The Office of Advancement and Community Engagement (ACE) supports Southwestern Community College District (SCCD) administrators, faculty, and staff in successfully searching for and obtaining external funding from federal, state, local and international governments, private foundations, corporations, and individuals. SCCD is also referred to as Southwestern College (SWC). We are pleased to report that during the Fiscal Year 2025–2026, SWC was awarded nearly \$10.6 million in supplemental funding to support 32 projects that otherwise would not have been possible through the District's state appropriations.

This funding, secured through a partnership between the Southwestern College faculty, staff and the grants office, provided a wide range of exceptional advantages including funding for academic, career, and technical interests of SWC students. Grant-funded projects supported a wide range of educational, institutional, community, and capacity-building initiatives across the district, including the following key areas:

Center for Business Advancement (CBA)

To support small business growth and economic development throughout San Diego and Imperial Counties. Grants provide business consulting, training, mentoring, access to capital, and government contracting assistance for entrepreneurs, women-owned businesses, and other small business owners.

School of Mathematics, Science & Engineering

To increase student success in STEM fields through scholarships, mentorship, research opportunities, specialized equipment, and workforce training programs. Grants also support new educational pathways in engineering, geomatics, advanced manufacturing, and drone technology.

Higher Education Center at Otay Mesa

To help students complete nursing and fire technology programs while addressing regional workforce shortages. Funding supports scholarships, training academies, certifications, student stipends, mentorship, and other resources that reduce barriers to entering healthcare and public safety careers.

School of Education, Humanities, Social & Behavioral Sciences (ESBS)

To provide affordable childcare services for Pell Grant-eligible student parents. The program helps students remain enrolled and succeed academically while supporting the healthy social and emotional development of their children.

School of Counseling & Student Support Programs

To strengthen transfer pathways, increase student engagement, and provide basic needs assistance through the SWC CARES program. Funding supports transfer initiatives, food pantry services, and other resources that promote student retention and success.

School of Arts, Communication, Design & Media

To enhance arts education and community engagement through performances and cultural programming. Grants support production costs, artistic resources, and hands-on learning opportunities that enrich the student experience and expand access to the arts.

School of Applied Technology & Hospitality Management

To expand workforce training in construction, welding, maritime technology, and zero-emission vehicles. Grants support curriculum development, industry-aligned equipment, credit for prior learning, and work-based learning opportunities that prepare students for high-demand careers.

SWC Grants Annual Report - Fiscal Year 2025-2026

2025-2026 Grant Funding

Center for Business Advancement

U.S. Small Business Administration

(1/1/25 – 12/31/26)

\$1,900,912

Group photo of award recipients and officials at an SBA Awards Ceremony

This grant will provide a one-year continuation award (2025) of \$447,339 and another award (2026) in the amount of \$1,453,473 to the San Diego and Imperial Small Business Development Centers (SBDC) program. The project's primary objective is to provide consulting and training services to businesses throughout San Diego and Imperial Counties. The SBDC assists small businesses in starting and/or expanding their businesses through one-on-one advising and training, in part by granting sub-awards to the network's sub-awardees.

Grant writing lead/contributors: Danny Fitzgerald, Briana Weisinger, Marisa Castaneda

Department of Defense, Office of Small Business Programs

(5/15/2025 – 3/31/26)

\$750,000

This award will enable the San Diego, Orange, & Imperial APEX Accelerator (formerly Procurement Technical Assistance Center – PTAC) to help large and small businesses enter or compete for local, state, and federal government procurements and contracts. Technical assistance includes one-on-one small business technical assistance and training. Southwestern College Foundation was the applicant for this grant.

Grant writing lead:

Mike Sabellico

*Annual Small Business Expo, Imperial Valley
Mike Sabellico, Regional Director of the APEX Accelerator is at the podium, presenting alongside representatives from various government contracting agencies*

San Diego Women's Business Center representing at the Small Business Expo

**U.S. Small Business Administration
Women's Business Ownership Assistance
(9/30/25 – 9/29/26)
\$150,000**

This grant was awarded to the Women's Business Center to continue providing training, mentoring, business development, and financing opportunities to women entrepreneurs and small business owners in San Diego and Imperial Counties. Funds are used to support personnel costs to achieve program goals, including training, counseling, and administration. Southwestern College Foundation was the applicant for this grant.

Grant writing lead: Katty Ibarra

**California Office of the Small Business Advocate (CalOSBA) –
Small Business Technical Assistance Program (TAP)
(10/1/25 – 9/30/26)
\$1,581,815**

This grant will enable the San Diego and Imperial Small Business Development Centers (SBDC) Network to provide business counseling and training to diverse small business owners in the San Diego and Imperial region. Part of the funds support Southwestern College staff and contractors, and the rest is sub-awarded to MiraCosta, Connect, Asian Business Association, International Rescue Committee, San Diego Regional Economic Development Council (EDC), East County EDC, Logan Heights CDC, County of Imperial, and University of San Diego.

Grant writing lead/contributors: Danny Fitzgerald, Briana Weisinger, Marisa Castaneda

Daniel Fitzgerald and Briana Weisinger honored at the SBDC Day Proclamation

***California Office of the Small Business Advocate (CalOSBA) –
Small Business Technical Assistance Program (TAP)***

(10/1/25 – 9/30/26)

\$540,000

The Apex Accelerator was provided funding for small business counseling and training by Southwestern staff, contractors, and the network of sub-awarded centers in the San Diego & Imperial region.

Grant writing lead: Mike Sabellico

***California Office of the Small Business Advocate (CalOSBA) –
Small Business Technical Assistance Program (TAP)***

(10/1/25 – 9/30/26)

\$1,606,750

This award was given to the Women's Business Center Network to support staff and contractors as they deliver small business assistance throughout the region. Some funds support Southwestern College staff (plus contractors) and other funds are sub-awarded to 18 centers in California.

Grant writing lead/contributors: Danny Fitzgerald, Katty Ibarra, Marisa Castaneda

***California Governor's Office of Business and Economic Development –
Capital Infusion Program (CIP)***

(10/1/25 – 9/29/26)

\$263,920

This grant was given to the San Diego and Imperial SBDC Network to provide business counseling and training in support of access to capital for small business owners in the San Diego and Imperial region.

Grant writing lead/contributors: Danny Fitzgerald, Briana Weisinger

at 2026 SBA Awards Ceremony*

***San Diego Foundation, El Camino Fund
(7/1/25 – 7/30/26)
\$100,000***

The San Diego and Imperial Women's Business Center was awarded this grant to support the Women's Business Center in continuing its 14-week STEPS program, which addresses barriers faced by Latina entrepreneurs—such as limited business education, financial challenges, and language obstacles—by helping participants formalize their businesses, access capital, grow revenues, and scale operations. Funding will also relaunch the 4-week MINDSET program, designed to build entrepreneurial confidence and leadership among Spanish-monolingual women of color through culturally relevant instruction. Additionally, grant support will enable curriculum refinement, expansion of one-on-one business advising, and targeted technical assistance to help entrepreneurs achieve critical business milestones.

Grant writing lead: Katty Ibarra

***US Bank – WE-CAN Initiative for California Women's Business Center (WBC) Network
(2/13/2025 – 6/30/2026)
\$50,000***

This grant supports the California WBC to help female entrepreneurs and small business owners achieve success through starting and growing their business. The San Diego & Imperial WBC has provided small business technical assistance since 2018 as a resource partner of the US Small Business Administration. Key programming includes helping women start childcare businesses, expand and scale childcare businesses, start general businesses, and obtain capital to grow. Southwestern College Foundation was the applicant for this grant.

Grant writing lead/contributors: Danny Fitzgerald and Katty Ibarra

***US Bank – WE-CAN Initiative for San Diego WBC Network
(7/1/2025 – 6/30/2026)
\$70,000***

The San Diego & Imperial Women's Business Center (WBC) was provided this grant to aid female entrepreneurs and small business owners in achieving success through starting and growing their businesses. The San Diego & Imperial WBC has been offering small business technical assistance since 2018 as a resource partner of the US Small Business Administration. Key programming includes assistance for women in starting childcare businesses, expanding and scaling childcare operations, launching general businesses, and acquiring capital for growth. Southwestern College Foundation was the applicant for this grant.

Grant writing lead/contributors: Danny Fitzgerald and Katty Ibarra

Wells Fargo
(1/1/26 – 12/31/26)
\$165,000

This grant provides funding for general operational support for the San Diego and Imperial Small Business Development Centers (SBDC) Network. SBDC supports business owners with financial reporting through business advising and counseling. Funding is used for contractors and other general expenses, including software tools used to support SBDC services. Southwestern College Foundation was the applicant for this grant.

Grant writing lead: Danny Fitzgerald

City of San Diego, Community Development Block Grant (CDBG)
(7/1/2025 – 6/30/2026)
\$377,194

This award enables the San Diego & Imperial Small Business Development Center (SBDC) to provide small business owners no cost training and business advising. The City of San Diego through the Community Development Block Grant (CDBG) program provides funding to organizations to help low-to-moderate income residents to start and grow their microenterprises in the City of San Diego. Southwestern College Foundation was the applicant for this grant.

Grant writing lead/contributors: Daniel Fitzgerald

California Jobs First - Southern Border Coalition, Catalyst Pre-development Fund
(6/1/2025 - 9/30/2026)
\$211,004

This grant assists women to scale their existing in-home Family Child Care businesses and to start their family childcare business. It will be completed by programs of Southwestern College Foundation, the San Diego & Imperial Women's Business Center (WBC) and Small Business Development Center (SBDC) Network, including support from the International Rescue Committee (IRC) SBDC, a sub awarded partner in the SBDC Network. Southwestern College Foundation was the applicant for this grant.

Grant writing lead/contributors: Danny Fitzgerald and Katty Ibarra

Banner Bank
10/1/24 – 9/30/25
\$3,000

This grant provides general support for the San Diego & Imperial SBDC Network. Funding will be used for contractors and other general expenses, including software tools used to support SBDC services. Southwestern College Foundation was the applicant for this grant.

Banner Bank**10/15/25 – 12/31/25****\$5,000**

This grant provides general support for the San Diego & Imperial SBDC Network. Funding will be used for contractors and other general expenses, including software tools used to support SBDC services. Southwestern College Foundation was the applicant for this grant.

Grant writing lead/contributors: Daniel Fitzgerald

First Citizens Bank**1/1/26 – 12/31/26****\$25,000**

This funding will support operations, public relations, and best practices for the California Women's Business Center Network. The First Citizens Bank provides unrestricted funds that are held at the SWC Foundation, which helps maintain that funding. Southwestern College is the fiscal host for the California Women's Business Center Network. Southwestern College Foundation was the applicant for this grant.

Grant writing lead/contributors: Daniel Fitzgerald

SDG&E Economic Prosperity Grant**1/1/26 - 12/31/26****\$10,000**

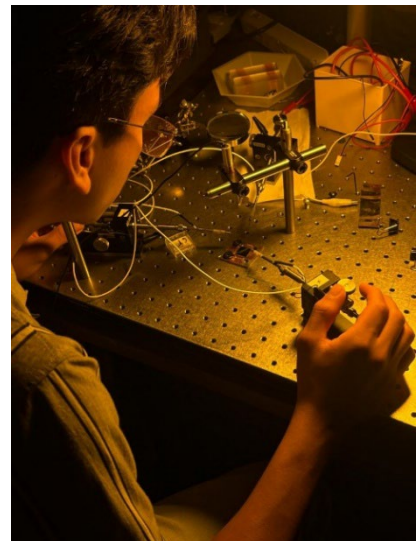

Funding will be used for contractors and other general expenses, including software tools used to support SBDC services. Southwestern College Foundation was the applicant for this grant.

Grant writing lead/contributors: Daniel Fitzgerald

School of Mathematics, Science & Engineering**National Science Foundation (NSF) - Scholarships in Science, Technology, Engineering, and Mathematics Program (S-STEM) (University of California, San Diego subcontract)****(7/1/22 – 6/30/27)****\$1,036,547 (\$247,239 for 2025-2026)**

This funding was granted to the School of Math, Science, and Engineering through a sub-award from the University of California San Diego. The goal of this project is to encourage, enable and support low-income students with academic talent or potential from Southwestern College, Imperial Valley College, and the Jacobs School of Engineering at the University of California San Diego, to succeed in their engineering studies so that they can graduate with engineering degrees in a timely manner and contribute to the US innovation economy in high-demand engineering fields. Grant funds provide student scholarships, mentors, engineering lab equipment, and field trips for students.

Grant writing lead/contributors: Dmitriy Kalantarov and Juan Gonzalez-Gonzalez

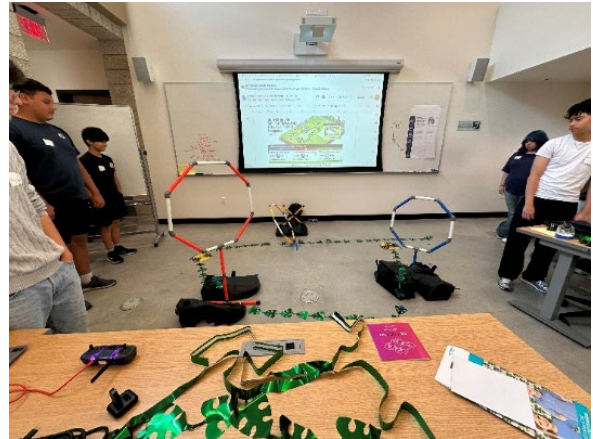

A student learns NanoTechnology

**National Science Foundation,
Advanced Technical Education
(8/1/25 – 7/31/28)**

\$998,759 (\$363,519 for 2025-2026)

The School of Math, Science and Engineering received funding to establish a comprehensive Geomatics Associate Degree Program and Land Surveying Certificate Program at SWC, preparing students for careers in construction, land development, environmental management, and urban planning. The programs address a critical educational and workforce gap in San Diego County, where no other dedicated geomatics programs currently exist, while building on SWC's existing Geospatial Technology and Drone Technology programs. The project will also support course articulation, Accreditation Board for Engineering and Technology (ABET) accreditation, faculty professional development, and high school academies to provide students with pathways to employment and further education.

Grant writing lead/contributors: Ken Yanow, Dmitriy Kalantarov and Micajah Truitt

Students from Sweetwater High School District participated in a week-long Drone and Land Surveying Academy held on the campus of Southwestern College. In this picture, students are programming drones to autonomously fly an obstacle course.

**National Science Foundation, Advanced Technical Education (Pennsylvania State University subcontract)
(09/01/2022 – 08/31/2026)**

\$273,591 (\$73,433 for this year)

The School of Math, Science and Engineering was awarded this grant through a sub-award from Pennsylvania State University to create and pilot a career certificate program, aimed at veterans, providing them with training in advanced manufacturing. Program participants are trained in skills and technologies which will allow them to attain careers in the semiconductor and electronics manufacturing sectors.

Grant writing lead/contributors: Juan Gonzalez, Dmitriy Kalantarov and Jonathan White

US Bank
(10/1/25 – 9/30/26)
\$50,000

\$25,000 goes to the SWC Jag Racing team to participate in the Baja SAE (Society of Automotive Engineers) competition held in 2025, in Tucson, Arizona. Being one of two community colleges taking part in the competition, the Jag Racing team is comprised of 34 dedicated SWC auto tech, engineering, and business students who receive practical experience in automotive engineering, including vehicle design, production, and testing, and learn the business aspects of vehicle manufacturing.

The program collaborates with the Southwestern College Engineering, Automotive and Business departments and offers employment skills and job placement opportunities. US Bank's contribution supports supplies and equipment for the vehicles, registration fees, and travel expenses for the team members participating in the Baja SAE competition. \$15,000 of the funding goes to the Southwestern College Foundation for the Jaguar Awards luncheon and \$10,000 to the Southwestern College (SWC) Small Business Development Centers (SBDC) for the Small Business Administration (SBA) Awards. Southwestern College Foundation was the applicant for this grant.

Grant writing lead/contributors:

Baja SAE (Society of Automotive Engineers) competition held in May 2026, in Oregon

Higher Education Center at Otay Mesa

Coeta and Donald Barker Foundation
(11/1/2025 – 10/31/2026)
\$44,000

This grant enables the Southwestern College nursing program to assist their students in their goal to successfully complete the nursing program and pass the national nursing exams (NCLEX). The grant supports underrepresented nursing students in South San Diego—specifically targeting first-generation college students and individuals from historically marginalized communities. The objective is to remove financial and systemic barriers to entry into the nursing profession while strengthening the local healthcare workforce. The grant outcomes include increased retention, program pass rates, and state/national pass rate for the participating students.

Grant writing lead/contributors: Samantha Girard

Nursing Students at Higher Education Center Otay Mesa (HECOM) Open House

San Diego Workforce Partnership

(1/1/26 – 12/31/26)

\$500,000

Southwestern College's Fire Science Academy was awarded a grant through the Emergency Medical Services (EMS)-Fire Pilot Pathways Initiative to address workforce gaps and expand access to EMS and fire careers for women, veterans, and individuals from underserved communities.

The grant supports two training cohorts of approximately 60 participants, providing Firefighter I and II certification, participant stipends, equipment, outreach, mentorship, and job placement coordination. Funding also supports instructional and program staff, curriculum and supplies, and certification exam fees, helping reduce financial barriers and prepare students for successful careers in the fire service.

Grant writing lead/contributors:

School of Education, Humanities, Social & Behavioral Sciences (ESBS)

Child Care Means Parents in School (CCAMPIS),

U.S. Department of Education – Office of Postsecondary Education

(10/1/22 – 9/30/26)

\$840,000 (\$210,000 for 2025-2026)

The Southwestern College (SWC) Child Development Center (CDC) received the Child Care Means Parents in School (CCAMPIS) grant to support campus-based childcare services for SWC students who are Pell Grant eligible: this removes a significant barrier and supports their educational success. This grant enables the CDC to augment its existing services and provide childcare at a reduced cost for twenty Pell Grant eligible students (per academic year) with children ages two to five years old. Grant activities include a new approach to childcare by incorporating natural resources in an outdoor classroom, improving children's holistic social and emotional development, especially those of our underserved student population. A key focus of the program is on supporting children's social and emotional development through mindfulness-based practices, alongside outdoor and nature-based learning. Grant funds are used for staff in the CCAMPIS program.

California Community Colleges – California State University Transfer Collaborative: Bridges to Success (Cal State San Marcos Partnership) **(10/17/25 – 12/31/25)**

\$5,000

Through this grant, Southwestern College is partnering with California State University San Marcos (Tier 1) to Streamline Access to Transfer Resources and create Transfer Pathways in Biology, Business, and Sociology. Funds will be used for travel, hospitality, and incentives (e.g., gift cards and swag) for the various meetings and focus groups hosted by SWC.

Grant writing lead/contributors: Mink Stavenga, Steven Baissa

Republic Services

(7/1/25 – 6/30/27)

\$10,000

This grant was awarded to the SWC Cares program to support their Jag Kitchen food pantry and other services provided.

Grant writing lead/contributors: Trina Eros

Southwestern College (SWC) Cares Food Pantry
Thanksgiving Food Distribution, November 2025

School of Arts, Communication, Design & Media

County of San Diego, Community Enhancement Program (Prebys Foundation)

1/1/25 – 12/31/25

\$20,000

The Prebys Foundation, through the County of San Diego, provided funds to support the Southwestern College production of “On Your Feet,” a musical about the lives of Gloria and Emilio Estefan. Funding paid for enhanced costs, including musician fees (for a 10-piece salsa band), performance rights, music and video rentals, and fees for costume designers, stage managers, and cultural consultants.

Grant writing lead/contributors: Farrah Morrissey, Cynthia McGregor, Ruff Yeager, and Brenton Warren

SWC Production of “On Your Feet”

School of Applied Technology & Hospitality Management

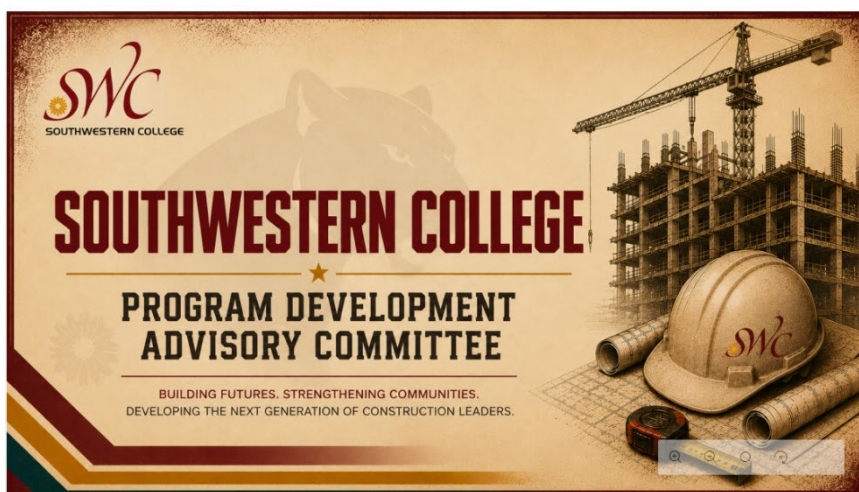

California Community Colleges Chancellor's Office High Road Construction Careers (HRCC) Partnerships Grant (6/1/24 – 5/21/26)

\$768,057 (\$372,356 for 2025-2026)

This grant will support Southwestern College in building the infrastructure to offer educational and training programs for diverse student populations to gain careers in the construction industry sector. Specifically, this grant supports the development of infrastructure to award credit for prior learning (CPL) and pilot it for the North America's Building Trades Union's (NABTU) MC3 curriculum. Grant activities include CPL stakeholder meetings, Districtwide CPL infrastructure process development, faculty professional development, CPL assessment development by faculty, identifying the best approach to implementing credit for prior learning in Colleague, IT programming to transcript CPL (Ferelli), Military Articulation Platform (MAP) implementation and internal/external marketing.

SWC Construction Trades Advisory Committee

California Community Colleges Chancellor's Office (CCCCO) Economic & Workforce Development (EWD) Program (9/17/2025 – 3/31/2028)

\$526,890

This grant is strengthening Southwestern College's workforce development efforts by expanding access to high-demand, high-wage careers in both Construction Management and Maritime Welding Technology. Funding is being used to modernize and align curriculum with current industry standards; develop work-based learning opportunities such as internships, job shadowing, and field experiences; integrate flexible learning strategies including Credit for Prior Learning (CPL) and Competency-Based Education (CBE); purchase advanced training equipment and technologies, including welding simulators; and support targeted marketing and outreach campaigns to increase awareness and enrollment among underserved populations. Together, these initiatives will address critical regional workforce shortages, create stronger education-to-career pathways, and prepare students for careers in construction, advanced manufacturing, maritime industries, and related sectors.

Grant writing lead/contributors: Jennifer Lewis, Jonathan Kropp

***Foundation for California Community Colleges, Zero-Emission Vehicle (ZEV)
Program Modernization Project
(2/1/2024 – 4/30/2026)***

\$275,000

This grant supports the expansion and enhancement of our ZEV training program, SWC is proposing to invest in equipment that reflects the latest advancements in electric, hybrid, and hydrogen vehicle technologies in line with industry standards.

Additionally, the project seeks to acquire two hydrogen leak detection tools and develop high-pressure storage system maintenance areas to strengthen our hydrogen fuel cell training that includes four Electric Vehicle (EV) Glove Testers.

Grant writing lead/contributors: Brian Palmiter, Jonathan Kropp, and Jennifer Lewis

***Caterpillar Foundation
(1/1/26 – 12/31/27)***

\$65,000

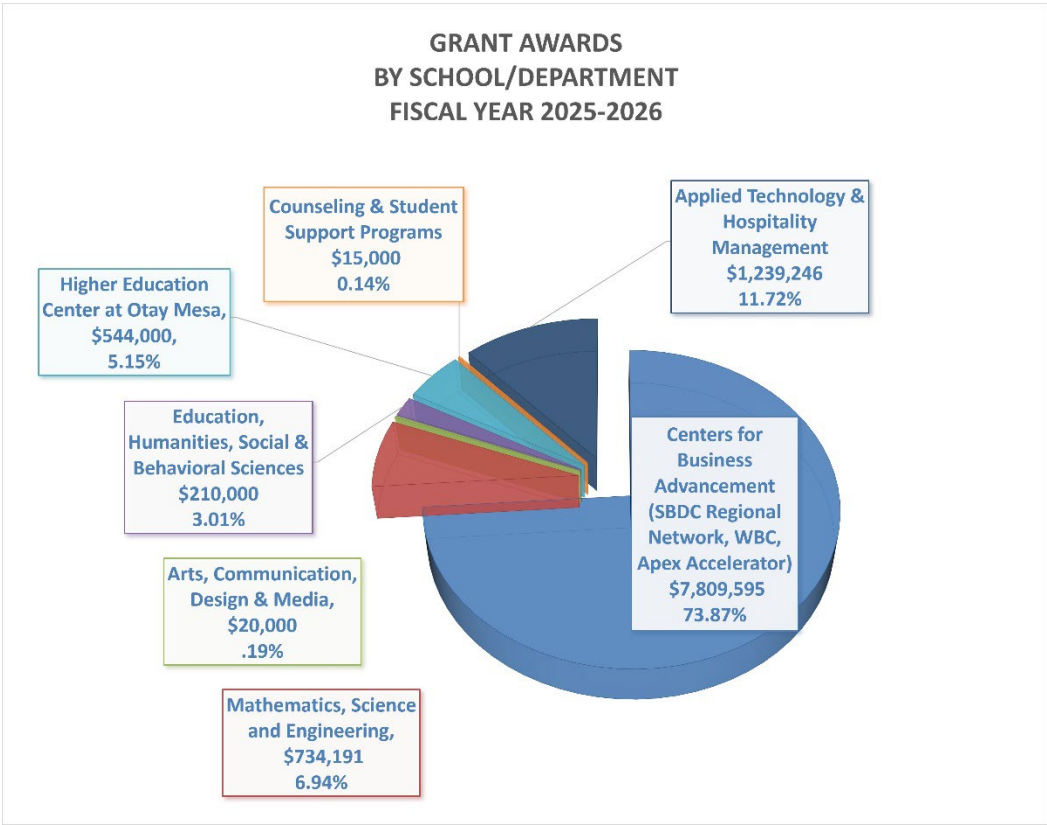

Southwestern College's Forging Futures: Welding Technology Program is designed to tackle one of the region's most urgent workforce challenges, the critical shortage of skilled welders across San Diego and the United States. The Forging Futures initiative would build a modern, industry-driven pipeline of welders trained to the highest standards.

Housed within Southwestern College's Automotive Technology Complex, the program will feature advanced infrastructure, including augmented reality (AR) welding simulators, modernized training labs, and instruction that mirrors real-world industrial environments.

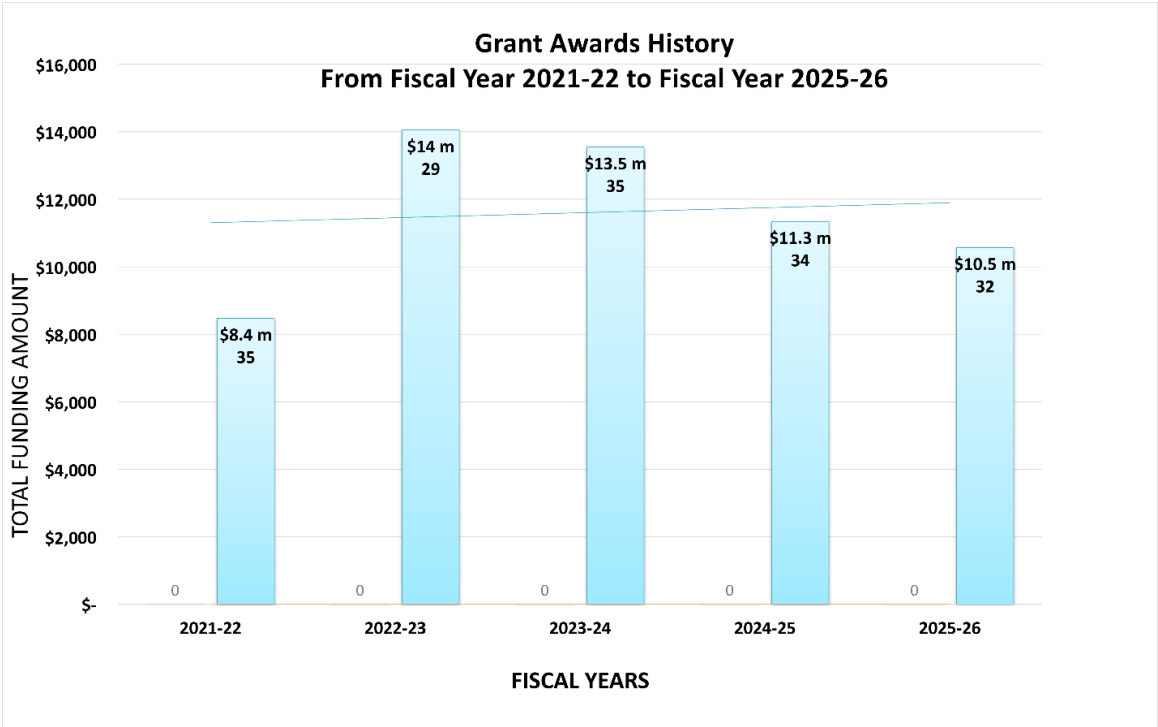

This grant would fund the curriculum development phase, laying the foundation for a full-scale welding program that aligns education with employer needs.

Grant writing lead/contributors: Jennifer Lewis, Jonathan Kropp
